De Bona Dashes
Across Country
At Average 470.1
Miles an Hour

By James J. Strebic
Associated Press Aviation Reporter
CLEVELAND, Sept. 3—
(AP)—Husky Joe De Bona streaked home first in the Bendix cross-country dash today to highlight a national air races program given entirely to record smashing.

De Bona's victory in the thirteenth running of the 2,000-mile push from Rosamond Dry Lake, Calif., was made with an average speed of 470.1 miles an hour. The record of 447.9 mph was set by Paul Mantz last year.

Bill Odom, who likes oceans and continents for his records, hung one up in his first try at closed course racing today by winning the Sohio trophy at an average of 388.3 mph. He exceeded Tony Le Vrier's mark set in 1947 by 28 miles an hour.

Odom has another big race ahead of him—the Thompson 225-mile event on Labor Day for \$40,000 in prizes.

But De Bona, who was forced down by fuel shortage last year and finished just over a minute behind Paul Mantz in 1947, said he was finished with racing.

Crowd Also Record One

Those two performances topped a day in which every speed record open to assault took a lacing. Even the crowd set a record. Air race officials said the 35,800 paid admissions were the greatest total for any opening day crowd since the national was begun, 20 years ago.

The fastest speed of the day was the 529.6 miles an hour averaged by Maj. Vernon A. Ford, of the Air Force, flying a Republic F-84 Thunderjet single engine fighter.

He led a small field of Thunderjets from Murco, Calif., Air Base with a stop at Salina, Kas., to refuel. His elapsed time was three hours, 45 minutes, 51 seconds for the 1,993 mile trip.

De Bona greeted actor Jimmy Stewart, one of his backers, with a "Hi Buddy, I finally did it for you."

Stewart grabbed the big outstretched hand in both of his and shouted, "Thanks a helluva lot, Joe."

Speed By Midgets

Bill Brennan of Oshkosh, Wis., started off the record-wrecking day by setting a new competitive mark for midget racing planes.

He took the first of four heats in the Goodyear trophy race with an average of 177.6 mph.

But an hour later, Bill's boss, Steve Wittman of Oshkosh, set a new record for planes of the midget class in officially timed closed course flying. He averaged 184.5. The previous high had been 183.3 mph set during the qualifying trials by Billie Robinson of Paoima, Calif., last Tuesday.

The Navy established a mark in a new event, a jet fighter race from the deck of the carrier Midway. Lieut. Dan Laird of Loomis, Calif., led his team in with an average of 548.9 mph for the 432 mile dash.

Stanley H. Reaver of Glendale, Calif., nosed out Herman Salmon of Van Nuys, Calif., for second place in the Bendix. Reaver's average speed was 450.2 mph.

Leads In Elimination
CLEVELAND, Sept. 3—(AP)—Sylvester Joseph Wittman of Oshkosh, Wis., who has been herding fast planes around since 1924, led the field of 25 entries in the \$25,000 Goodyear trophy elimination heats at the national air races today.

The Wisconsin pilot-designer horsed his yellow midget around eight laps of the closed Goodyear course at an average speed of 184.5 miles an hour—the fastest Goodyear heat ever run.

Apparently it also was the fastest heat ever flown in the 190 cubic inch class in competition.

Two semi-final heats will be held tomorrow, with the consolation and final heats scheduled for Monday.

Results of the four elimination heats today included:

Earl Ortman, Tulsa, Okla., 141.9 mph, fourth.

Harry Ragland, Wichita, Kas., 160.2 mph third.

First Symphony Practice To Be September 12

The Sedalia Symphony Orchestra will open its 15th season with the first practice of the year on Monday night, September 12. Abe Rosenthal will resume the conductorship of the orchestra.

Police Escort Two Army Convoys

The Sedalia police, in patrol cars, escorted two different army convoys down Broadway, Saturday afternoon. The first convoy of about 40 vehicles, came through Sedalia about 5:00 o'clock and the other about 6:00 o'clock.

Captains in charge of each convoy requested the escort from the police, so that their line of traffic would not be hindered at various heavy traffic intersections in the city, especially since this was Saturday afternoon.

The convoys left from Fort Leonard Wood en route to their headquarters at Maryville, Mo. The first convoy was scheduled to remain over night at the Sedalia Airfield at Knob Noster.

Guardsmen Home Today From Camp

Artillerymen Been
In Training at Ft.
Leonard Wood

The training emphasis of the 128th Field Artillery battalion at Fort Leonard Wood was shifted as their two-week engagement came to a close Saturday. The great bulk of the Guardsmen's time was devoted to their basic weapon, the 105 millimeter howitzers.

Several trips were made to the vast artillery ranges by the boys of the 128th, who hail from Mexico, Booneville, Columbia, and Sedalia, and many more hours were spent going through the "cannon-er's hop," the drill intended to familiarize the gunners with the breaking down of their weapon to firing position.

The last part of the training period, however was devoted to another phase—the small arms personal weapons. The 128th moved out to the ranges Friday for marksmanship work with the carbine, pistol and a somewhat larger weapon—the .50 calibre machine gun.

Service Medals to Sedalians
Thursday was spent at division schools. The men were divided into various duty groups and sent to classes manned and planned by staff officers of the 35th Division. High point of the afternoon was a complete battalion review parade at which National Guard long-service medals were presented to: Sgt. 1st cl. Elwood I. Edwards, Battery C of Sedalia for 20 years service; Capt. William Chick, commanding officer of Battery C of Sedalia for 15 years service; and Chief Warrant Officer Kenneth L. Bradford, Battalion Headquarters, Mexico, for 10 years service.

Final Inspection
Saturday was devoted to a number of projects, all familiar to any ex-serviceman. The men were paid, equipment cleaned and all that was borrowed returned to the United States Property and Disbursement office at the fort. The barracks, which the men have accepted as home for the past two weeks, were thoroughly cleaned and final inspections made of the premises.

The entire battalion is expected to be out of camp no later than 8:00 o'clock this morning.

General John C. McLaughlin in command of the training units from the Missouri-Kansas divisions of the 35th Division and the Sedalia artillerymen will arrive at the Sedalia armory sometime today.

More than 8,277 National Guardsmen from Kansas and Missouri started for home to resume civilian life after two weeks of intensive field training in the Ozark hills.

The evacuation was a day and night operation. The first truck convoy moved out shortly after noon, followed by troop trains and even school buses, transporting small units.

Units were leaving throughout the night. There was this one good answer to inevitable griping about the departure hours: "The sooner you leave, the sooner you get home."

**Green Apples Start
Cows on 'Binge'**

WESTFIELD, N. Y., Sept. 3—(AP)—Have you ever seen a drunk cow?

Veterinarian C. L. Ullrich has treated about 25 of them in the past few days.

He blames it all on Thursday's windstorm. The wind knocked down bushes of green apples. The cows ate them. The apples fermented in their stomachs, forming alcohol.

It happens every year, says Ullrich, but never before has he treated so many bovine hangovers at once.

The cure: Plenty of warm blankets, sodium thiosulfate as an antidote and adrenalin and caffeine as stimulants.

Guard Against Another Riot At Concert

Dewey Orders
State Police to
Robeson Meeting

PEEKSKILL, N. Y., Sept. 3—(AP)—Gov. Thomas E. Dewey today ordered all available state police to the Peekskill area tomorrow to guard against another riot between war veterans and supporters of Negro singer Paul Robeson.

Robeson failed to appear at an open-air concert last Saturday when anti-Communist veterans clashed with the left-wing singer's audience. At least eight were injured, but Robeson was intercepted by friends before he reached the scene.

He immediately pledged a second effort—scheduled for 1 p. m. (EST) tomorrow afternoon about a mile from last week's riot scene.

The veterans said they plan to march 25,000 men past the concert location. Robeson supporters called for an audience of 20,000.

More than 380 local law enforcement officers are already mobilized.

Dewey called the concert a "pro-Communist meeting" but said freedom of speech and assembly must be guaranteed "however hateful the views of some of those who abuse them."

Robeson's supporters arranged for buses to carry adherents from New York City.

Veterans to Assemble
The veterans said they would have groups from as far away as New England and Pennsylvania.

Veterans involved include a number of units of the American Legion and the Veterans of Foreign Wars, and one unit each of the Catholic War Veterans and the Jewish War Veterans.

However, Walter L. Horan, American Legion commander in the Ninth District, which includes Westchester county, said tonight the Legion "is neither sponsoring, supporting nor approving the demonstration."

Any legionnaire participating in the protest parade will do so with the distinct understanding that it is not in the name of the American Legion, Horan said.

Dewey said that sending state police does not remove the responsibility of local officials to maintain order. Westchester county District Attorney George Fanelli and Sheriff Fred W. Ruscoe will be held "strictly accountable," he said.

Earlier today the committee lost a round when Federal Judge John W. Clancy in New York City refused to grant an injunction to stop the proposed veterans parade. He said his court had no jurisdiction, and called the committee request "a cheeky application."

Voices Disapproval
DES MOINES, Sept. 3—(AP)—The Governor of Arkansas today expressed what he called his "thorough disapproval of Paul Robeson's love for Russia" but declared he also disapproves of breaking up the Negro singer's scheduled appearances.

Gov. Sidney McMath, here from Arkansas to give the keynote speech at the National AMVET convention, told a news conference that interference with Robeson's right to appear is "un-American." He said:

"Veterans fought to preserve freedom and they should not take part in such tactics. In addition, demonstrating against Robeson is about the best way I know of to make a martyr out of him."

McMath said "Robeson is a discredit to his race."

Week of Cross-Burning
TALLAHASSEE, Fla., Sept. 3—(AP)—By the edict of "his majesty," Samuel II, and imperial wizard 4-006800 today the nation is in for a week of cross-burning.

Anyhow, that's what one Bill Hendrix, who describes himself as adjutant for the southern and northern knights of the Ku Klux Klan, said via "imperial" proclamation.

Hendrix declared the crosses would be burned in a crusade against Communism and to give support to the veterans of Peekskill, N. Y., involved in a riot last Saturday.

The order of "his majesty" and 4-006800 commanded Klansmen to burn a cross on open fields or on vacant lots in protest against Communism in this country."

Then it asked "all American organizations to support the Peekskill veterans. The cross is a sign of a crusade and not of violence. Light up the skies of America in protest of Communism."

The imperial ruling directed the first of the crosses to be burned at Valdosta, Ga., tonight.

Kroencke's Band To Give Concert

Kroencke's Concert Band will give a concert Monday night at 8:00 o'clock at Liberty Park. The following program will be presented:

"March, Prince of Victory," B. L. Billings; "Red Roses for a Blue Lady," Roy Broadsky; "Bohemian Girl Overture," Balfe; "When its Springtime in the Rockies," Robert Sauer; "Bring Memories of You, Selection," Neil Moret; "Napoleon's Last Charge," (descriptive) Ellis and Paul; "Uncle Tom's Cabin," (a dream picture of the old south) J. B. Larup; "Echoes in the Forest," Waltz, R. F. Seitz; "Southern Breezes," (a tone picture) F. P. Atherton; "Tell Me a Story," a Hal Leonard arr., Larry Stock; "Ida Sweet" (novelty fox trot) Eddie Leonard; "National Salute March," F. P. St. Clair; "Star Spangled Banner," F. S. Key.

Holiday Toll Already 148 Over Nation

The National Safety Council Predicts 280 Will Die in Accidents

By the Associated Press
The nation's toll of accident dead climbed to 148 by the end of the first full day of the three-day Labor Day week-end.

Since 6 p. m. Friday, 127 persons were killed in highway mishaps by Saturday midnight. Eleven persons drowned and 10 others died from various accidental causes related to the holiday.

Toll Rises Steadily
The highway toll rose steadily as an estimated 33,000,000 cars took celebrants to vacation spots.

The National Safety Council had made this grim Labor Day prediction: "Between 6 p. m. (local time) Friday, and 6 p. m. Monday, 280 Americans will die in traffic accidents."

On Labor Day week-end last year the traffic death figure was higher than that—293.

The 293, plus 60 persons drowned, and 54 more killed in other mishaps ran the 1948 holiday's violent death toll up to 407.

In the Chicago area, the president of the Chicago Motor Club, Charles M. Hayes, said that the flight of vacationists to the surrounding playground areas had, on some major roads, topped the flood on last July 4.

Here is the table of deaths by states, listing traffic, drowning, and miscellaneous deaths in that order:

Alabama 5-0-0, Arizona 3-1-0, Arkansas 2-0-0, California 5-1-0, Colorado 7-1-0, Connecticut 1-0-0, Florida 0-4-0, Georgia 3-1-0, Idaho 1-0-0, Illinois 8-0-2, Indiana 5-0-0, Iowa, 8-0-0, Louisiana 1-0-0, Maryland 4-0-0, Massachusetts 1-0-0, Michigan 18-0-0, Minnesota 2-0-1, Mississippi 3-0-0, Missouri 1-0-0, Montana 1-0-0, Nebraska 2-0-0, New Jersey 2-0-0, New Mexico 1-0-0, New York 3-0-0, North Carolina 6-0-3, Ohio 7-2-0, Oklahoma 3-0-0, Oregon 4-0-0, Pennsylvania 5-1-3, Rhode Island 2-0-0, South Carolina 1-0-0, Tennessee 4-0-0, Texas 2-0-1, Virginia 3-0-0, West Virginia 2-0-0, Wyoming 1-0-0.

**Piped Hot Coffee to Youth
Buried In Sandpile Six Hours**

ELKHART, Ind., Sept. 3—(AP)—A rugged 17-year-old youth who was virtually buried in a well for almost six hours left for his home in Chicago tonight after being released from Elkhart general hospital.

The youth had been kept in the hospital for observation most of the day, although he clamored to go back to Chicago.

Firemen and welders worked frantically against sandslides in the 20-foot hole late last night and finally hoisted cocky young Gene Sanders out with only a few scratches and bruises.

Sand buried the youth just as he was about to climb out of a well. He was helping Cust (Red) Peterson dig on the Peterson farm near Bristol, Ind. Peterson began scratching sand away to uncover the boy's face.

"When I woke up," young Sanders said, "my mouth and eyes were full of sand and I began spitting sand."

"As fast as Red would dig it away, it would slide back and cover my face again, and I'd wake up and see Red digging."

Fire Chief John Williams of Elkhart said he found Peterson bending his own body over the boy's face to keep the sand from smothering him. Firemen put an air mask on the boy. They even piped hot coffee to him as the hours dragged on.

Before the rescue work was over a special steel pipe was made to dimensions and lowered into the well to hold off more slides. After that firemen dipped out the sand—a bucketful at a time.

At first he had called up, "It's no use."

"I thought I was going to die," he said today. "Then all I could think of was how cold and numb my legs were. I couldn't feel anything in them."

Hurricane Developing

MIAMI, Fla., Sept. 3—(AP)—A growing tropical hurricane with winds already up to 90 miles an hour tonight showed a tendency toward a northerly course which would carry it away from the mainland.

In an advisory the Miami storm headquarters said the storm—which developed from an easterly squall wave to a raging hurricane in a few hours—was located about 300 miles northwest of Puerto Rico.

The area is approximately 900 miles east-southeast of Miami. Grady Norton, chief forecaster, said a check of the huge twister's course showed it is moving in a north-northwesterly direction at 15 to 16 miles per hour.

If the storm continues on its present course, said Norton, it will be carried away from the Bahamas Islands.

Strongest winds near the center were estimated at 80 to 90 miles an hour with gales extending outward about 100 miles to the east. Winds on the west quadrant were found to be moderate.

A hurricane hunter aircraft—disabled when one of its propellers "ran wild"—found a perfectly shaped "eye" earlier this afternoon and winds at hurricane velocity (75 miles an hour).

Dance Feature For Labor Day

Parade and Usual
Speaking Program
Not to be Presented

Labor Day will not hold its usual daytime glamour as far as jubilation is concerned for the labor man of Sedalia this year.

Labor Day celebration by the crafts affiliated with the Sedalia Federation of Labor will present a free dance at Liberty Park Convention Hall, Monday night, commencing at 9:00 o'clock, that is expected to attract an exceptionally large gathering.

Music for the dance will be furnished by Lee Brandt's orchestra and will be free to the public as well as the members of all organized labor, their families and friends. Emory "Cabby" Billsworth will be master of ceremonies for the program.

This is the first year in quite some time that the labor unions in Sedalia will miss putting on a parade, which always started in the morning on Labor Day and wound up at the Liberty Park with speeches.

Business Be Closed
Monday, nearly every business establish and business office will be closed in Sedalia. Labor Day is observed as a legal holiday in every state in the United States, but not in the District of Columbia, Porto Rico, Hawaii, and Alaska. This will make the sixty-second year in observance of Labor Day.

People have already indicated that they are taking advantage of the three-day holiday. The highway patrol reported heavy traffic heading toward the Lake of the Ozarks Friday evening, and they expect active traffic returning from the lake, Monday afternoon.

Dismissed: Mrs. Amelio Antinori, North Hollywood, Calif.; Mrs. H. Johns, Edwards; Gail Oehrke, Smithton; Mrs. John F. Schondel-meyer and son, 1835 West Third street; Mrs. Kenneth Feagans and daughter, Knob Noster and Mrs. William D. Nicholson and daughter, 337 East Fourth street.

Step Taken on A Health Unit For County

Mrs. Fichter is
Chosen President
Of the Council

The first step toward a county health unit in Sedalia and Pettis county, was taken Friday night, during a public meeting at the court house, when a Health Council was organized and officers elected, who will be responsible for this organization.

This was the first meeting of its kind in the interest of promoting a better health program in Pettis county, and was presided over by Mrs. George Fichter, chairman of the rural health committee. The Health Council will consist of a volunteer group of people working toward a health unit.

Mrs. Fichter President
Mrs. George Fichter was elected president of the Health Council; John C. McCloskey, vice-president and Mrs. Bruce Claycomb, secretary-treasurer.

Lewis Payton, District Health Engineer and Mrs. Esther Johnston, R. N., District Health Nurse, both of Higginsville, were present to answer questions and discuss the problems of health as well as giving information in regard to the health center. Mr. Payton also showed movies pertaining to health.

Charles Arnold, county president of the Farm Bureau, gave a report on the Health Conference held in Chicago last February. Mrs. Albert Moore in turn gave a report on the State Health Council meeting held in Jefferson City last May.

Mr. Payton gave a general talk on health and emphasized the supervision of water supplies, milk supplies, food and food handling, waste disposal, supervision in resorts and tourist camps, nursing and boarding homes, school sanitation, insect and rodent control and general sanitation.

It was brought out at the meeting that a health center accomplishes the betterment of health in two general methods—through examinations, instructions, information, immunization; and aid persons such as expectant mothers, and their babies, pre-school infants, school children, adults and emergency cases.

Check on Water and Milk
The health center personnel checks and double checks such things as water supplies, city, town, country and school; milk supplies; sewage systems and disposals, public and private, and isolation and quarantine.

The money used by the county health center association comes from a special tax levied upon all tangible property in the county; it may not be higher than ten cents on the hundred dollar assessment value but the association may annually request the county to levy a small sum. Additional funds may be available to any county association through participation in state and federal activities.

The first step forward in getting a county center established is for a petition bearing the signatures of legal voters, in number equivalent at least to ten per cent of the total vote for governor at the last general election, to be presented to the county court requesting an election on the proposal. Two thirds of all of those voting on the proposal, must vote in favor of the project, to be adopted legally by the county. If such a favorable vote is received, the county court declares the proposal carried and the plan goes into action.

Center In Many Counties
It was announced at the meeting that a total of 25 counties in the state of Missouri now support a health center.

Those in attendance were: Merle Vaughan, C. S. Arnold, Emmett Fairfax, H. L. Bolton, U. S. Stewart, George Fichter, Louis A. Payton, Mr. and Mrs. Roy I. Coplen, Judge and Mrs. J. V. Kesterson, Judge W. L. Martin, Mrs. Eunice Scott, Alice W. Crawford, Mrs. J. C. Connor, Dr. John E. Lamy, Mrs. Roseanne Darnell, Mr. and Mrs. John C. McCloskey, Mrs. M. E. Green, James Franks, Fred M. Lange, Esther V. Johnston, Mrs. N. W. Dorrance, Capt. and Mrs. A. Rush, Mrs. C. L. Haggard, Mrs. Nadine Moore, Mrs. A. A. Studer, Mrs. Eula Spencer, Phillip McLaughlin, Mrs. C. S. Arnold, Mrs. Vma C. Emerson, C. F. Scotlen, Olen Monsees, Mayor Julian H. Bagby, Mrs. Bruce Claycomb, Mr. and Mrs. C. G. Schlobohm, and Mrs. George Fichter.

Served in World War I
During World War I, he served in France and fought in the Aisne-Marne, St. Mihiel and Meuse-Argonne battles. He won the Distinguished Service Medal. Short commanded the army forces at Pearl Harbor as a Lieutenant General. When he retired, he was dropped back to his permanent rank as Major General.

As a Major General in 1940, Short commanded the Blue Army, made up of the Fourth Army Corps, in east Texas maneuvers. At one time he was considered a leading army authority on the use of machine guns, having written a book on their use in battle after World War I.

His son, a West Pointer, served as a Captain in Europe during World War II. His widow is the former Isabel Dean.

Pilot Grove Truck Driver Hurt; Two Killed

HOLTON, Kas., Sept. 3—(AP)—Two Negroes were killed and three others were injured in a collision between their car and a gravel truck on state highway 116 five miles east of here at 5:45 a. m. today.

The dead were Mrs. Alberta Benton, 32, and Irvin Graves, also 32, both of Omaha.

The truck driver, Julius Twenter, of Pilot Grove, Mo., suffered severe chest injuries and his condition was considered critical at the Atchison hospital where he was taken.

**War Chief at
Pearl Harbor
Died Saturday**

Walter C. Short
Commanded Army
As Japs Struck

DALLAS, Sept. 3—(AP)—Maj. Gen. Walter C. Short, 69, who was stripped of his command after the Japanese smashed unwary Pearl Harbor, died tonight.

Dr. John Chapman, his physician, said Short died of chronic heart disease at 9:32 p. m. (CST). "He died very quietly," Dr. Chapman said. "He was in a stupor."

At his bedside with the doctor were Short's wife and his only child, Maj. Walter Dean Short.

The Japanese attack on Dec. 7, 1941, ended General Short's 40-year Army career. A few days after the bombing raid he was relieved of his command.

Within a few weeks he retired at his permanent rank of Major General.

The body of the man who commanded the Army's forces at the Hawaiian bastion will be shipped to Washington tomorrow night for burial in Arlington National cemetery.

Derelict of Duty
In early 1942, a presidential board of inquiry labeled Short and Admiral Husband E. Kimmel, Pearl Harbor Navy commander, "derelict of duty." Kimmel also was relieved and retired.

But after the war a Congressional investigating committee reported Short and Kimmel were guilty of nothing worse than errors in judgement. It said they were not "derelict."

Shortly after Short retired, he became head of the Traffic Department at the Ford motor company plant here. The plant then made only war equipment.

His son said the general retired from the Ford job nearly three years ago because of his health.

Young Short said his father had been ill several months. "He took a turn for the worse today," he said.

Death Unexpected
Short's death was not expected tonight, even by Dr. Chapman. The doctor had said earlier the general probably would live 36 to 48 hours—but no longer.

Short always contended he was not to blame for the Pearl Harbor disaster, which hurtled America into World War II.

He told the Congressional investigating committee in 1946 that Washington had not supplied him with information from an intercepted Japanese message.

"I was obeying my instructions from Washington as I understood them," the slender officer said.

He contended the war department, in four years of silence, had tried to single him out as "the scapegoat of the disaster."

Short was born at Fillmore, Ill., March 30, 1880.

Yankees and Red Sox Win, Dodgers Lose

Boston Remains Two and a Half Games Behind

NEW YORK, Sept. 3.—(AP)—The American league pennant contending New York Yankees and Boston Red Sox scored triumphs today while the New York Giants jolted the Brooklyn Dodgers in the National.

Allie Reynolds pitched the pace-setting Yanks to a three-hit 6-0 triumph over the Washington Senators. The Red Sox remained two and one-half games off the pace, thumping the Philadelphia Athletics, 10-3.

Kennedy Turns Dodgers Back
Lefty Monte Kennedy turned back the Dodgers, 6-3, scattering nine singles to gain his 11th victory.

The Giants jumped on Jack Banta for four runs in the first three innings and never were headed.

Reynolds never was in trouble as he pitched his best game of the season. The triumph was his 14th of the year and second shutout.

The Sox slugged Alex Kellner and Charley Harris for 16 hits including Ted Williams' 37th homer of the season and Bobby Doerr's 16th.

Ellis Kinder breezed to his 18th triumph behind the bombardment. The St. Louis Browns upset Bobby Feller and the Cleveland Indians, 4-3. Feller had a 3-2 lead going into the top of the ninth but a walk, Dick Kokos' triple and Less Moss' single gave the Browns the upper hand.

Cliff Fanning went the distance for the Browns. Granting eight hits including Mickey Vernon's 17th home run. The loss dumped the Indians give and one half games behind the Yanks.

Detroit in a Climb
The Detroit Tigers climbed within two games of the Indians, beating the Chicago White Sox, 5-3. The Tigers jumped on Bill Wright for four runs in the first inning and added another in the fifth when Vic Wertz poled his 18th homer. Ted Gray and Hal White checked the Sox on seven hits.

Philadelphia's Phillies climbed to within a game of the third place Boston Braves in the National league, trouncing the defending champs, 10-3.

Home runs by Andy Seminick, Mike Goliat and Del Ennis allowed Robin Roberts to coast to his 14th triumph.

The Chicago Cubs staged a nine run eighth inning rally to beat the Pittsburgh Pirates, 11-7. Hank Sauer featured the uprising with a three run homer, his 26th of the season. The blow also marked the third straight year that Kiner has hit 40 or more homers, a feat surpassed only by Babe Ruth who hit 40 or more from 1926 to 1932.

Quit Wine Party To Swim Channel
DOVER, Eng., Sept. 3.—(AP)—Fernand du Moulin, husky Belgian factory owner, breast-stroked across the English channel tonight from a champagne party in France.

Several hours afterward the battle-scarred war veteran was back in France at another champagne party, where he announced he will try a reverse swim soon—from England to France. He didn't set a date.

The 34-year-old industrialist from Leige, who thumbs his nose at training rules, left the party last night and with a flip farewell plunged into the water at Cap Gris Nez. Enroute he treaded water to take additional nourishment from a French beer bottle.

The 229-pound Belgian stayed on British soil for only five minutes after completing his swim, then returned to France for a celebration.

He climbed out of his fishing boat at a wharf in Calais to be greeted by his wife, Eva. She threw her arms around him and cried: "You were magnificent!"

Carrier pigeons had carried word to Mrs. Moulin of her husband's progress. She stayed behind in France because she gets seasick. Clockers on his boat said he had made the swim in 21 hours and 57 minutes.

All-Golden Horse Show

SPRINGFIELD, Mo., Sept. 3.—(AP)—The fourth annual championship All-Golden Horse show will be held at the fair grounds coliseum here Oct. 1 and 2.

B. L. Mahaffey, Bolivar, Mo., president of the American Golden Saddle Horse Association, said there will be \$4,500 prize money in 28 events. Walter H. Grant of Ardmore, Okla., will judge the show.

The first annual National Golden Horse auction will be held at noon on the opening day of the show, according to E. C. Rhoden, Kansas City, treasurer of the association.

Coe Wins Golf Title

Rufus King Falls 11 and 10 Before Insurance Broker

ROCHESTER, N. Y., Sept. 3.—(AP)—Charles Coe, with all the solemnity of a cigar store Indian, crushed his care-free neighbor, Rufus King of Wichita Falls, Tex., 11 to 10 today to become the amateur golf king of the U. S.

Coe, a native of Ardmore, Okla., but now an insurance broker in Oklahoma City, thus takes the title into the Southwest for the first time since the meet was established in 1895.

Lopsided Defeat
The defeat was the most lopsided since C. B. MacDonald routed C. E. Sands 12 and 11 in the inaugural tourney in 1895 and was accomplished before the biggest galleries since World War II.

And at 25, Coe is the youngest man to wear the crown since Willie Turnesa took it as a 24-year-old star back in 1938.

Just as their personalities differed, so did the golf of the two contestants for the crown. Turnesa vacated yesterday by losing to the clowning king. Coe's game was precise, King's friendly.

Coe Is Rugged
Coe—poised, impassive and merciless—levelled with all his superb equipment in the afternoon after building a five up advantage on the apple-cheeked King in the morning's 18 hole round.

The champion towers 6 feet, one inch. But he weighs only 135 pounds. He was so tired this morning, after the week long marathon on the 6,800-yard East course of the Oak Hill Country Club, that he stayed in bed until the last minute and passed all chances for practice swings.

Completely cold, he almost lost the first and did lose the third hole. King was one up as the two led the gallery to the fourth tee. It was the only time in the entire match that he was ahead.

Princess Pat To Here's Hoping
CHICAGO, Sept. 3.—(AP)—Dixiana stables Here's Hoping today joined the ranks of claimants to the 1940 juvenile filly championship by winning the \$54,425 Princess Pat stakes at Washington Park.

Here's Hoping, 2 to 1 favorite with a crowd of 21,172, defeated Calumet farm's Duchess Peg by a neck in a thrilling stretch drive. Two and a quarter lengths further back came Brownell Combs gray filly, Amiga. Mrs. Albert Sabath's Devotional was fourth in a field of nine.

Charles T. Fisher, Detroit automobile body manufacturer, owner of Dixiana stables, collected \$43,175 for Here's Hoping's victory. The triumph made her the leading money winning 2-year-old filly of the year. She displaced Duchess Peg, the Calumet youngster which went into the six furlong affair at the top of her division with \$53,687 earned.

The time for the six furlongs was 1:10 2-5. Prices on Here's Hoping were \$6.80, \$3.40 and \$2.60. Duchess Peg paid \$3.40 and \$2.40. Amiga, coupled with So Fair, returned \$2.60.

Forest Fire Whips Out of Control again
MC CALL, Ida., Sept. 3.—(AP)—The 15,000-acre forest fire on the south fork of the Salmon river whipped out of control again today.

Fire dispatcher Walt Hankins said a blow-up near Creek has blackened 80 acres of timber since 11 a. m. The fire had been declared under control last night. Eighteen smoke jumpers were parachuted into the area and 28 men in the vicinity of the outbreak went to work immediately. Another 100 men were being recruited to go into the area, Hankins declared.

Czechs Print Stalin Works
PRAGUE—(P)—Czech Communists are pushing a three-year printing plan to publish all the works of Stalin, so that every worker can be armed "with the means of defeating reaction." The official Czech press agency said that the first 100,000 copies of Stalin's books to be printed here were hardly enough to stock the libraries, information centers and factory reading rooms. In the second 100,000 some were available for sale to individuals.

Bridegroom 92 Times, He's True to His Wife

KISS FOR THE BRIDEGROOM is Tom Finigan's reward for standing in as Grace Allen's proxy husband, Miss Allen, of Louisville, Miss., was proxy-married to an army chaplain, Lt. S. R. Boston, in this ceremony, which was Finigan's 50th such affair.

By Mary C. Flynn
NEA Staff Correspondent

KANSAS CITY, Kas. — Getting married is old stuff to Tom Finigan, who has said "I do" 92 times. But he's been a proxy bridegroom.

And, does Mrs. Finigan object to her husband holding hands—and sometimes being kissed—by the brides? She hardly is in a position to offer objections—she has been a proxy bride 32 times herself.

Explaining the kisses, 52-year-old Finigan, who is a lawyer, says "Sometimes the brides just get carried away with exuberance after the wedding ceremonies and in the absence of their new husbands, they up and use me as their target."

Finigan is looking forward to his 100th wedding. If circumstances permit, he hopes to celebrate it by making a formal affair "with all the trimmings." He noted his "golden proxy wedding anniversary" with a double-wedding ceremony.

The lawyer got his start as a stand-in bridegroom in 1943 when he was president of the Wyandotte county bar association in Kansas. A Chicago welfare officer wrote him, inquiring about Kansas proxy marriage laws. Kansas is one of the few states where such marriages are legal. Men and women have come to

Finigan from 34 states and he, his wife and secretary have served as proxies for wedding principals living in six European countries, North Africa, Asia and the Philippines.

There has been a steady decline in proxy marriages since the war. One marriage handled by Finigan was annulled by request and at least three others ended in divorce.

Finigan observed that the brides and bridegrooms probably react during the ceremony in the same way they would if their spouses-to-be were present.

"The men may not appear as nervous or thrilled as women, but they're much more awkward and self-conscious," he commented. "Women are 'at home' at weddings, anyway, while a man usually feels a little foolish."

He recalls one exception. When he asked a bridegroom if he were nervous, the man replied confidently: "This is nothing new to me—it's my fifth marriage."

The proxy weddings are performed in the "Cupid's parlor" of the probate judge's office. Marriage certificates issued in a proxy marriage are identical to those given when both contracting parties are present for a civil ceremony.

Proxy marriages performed in Kansas are recognized throughout the United States, most foreign countries and by the armed services in issuing marriage allotments and in handling immigration cases. A rigid legal procedure, which includes conformity to Kansas' serological test law, must be fulfilled by the proxy marriage party in the United States and by the one outside the country.

The Finigans celebrated their own 25th wedding anniversary last Valentine's day. Just to make sure it would stand out over their proxy wedding anniversaries, they invited 300 friends to help them celebrate.

Back to Work Is Task After A Vacation

By Hal Boyle

NEW YORK—(AP)—Some wise men believe that the greatest shock in life to the nervous system occurs at birth. It's such a change.

This I hold to be a greivous error.

The average man is usually born only once. He has small memory of the occasion, and it merely leaves him with a slight feeling of gratitude toward his mother. Some mothers even claim their offspring lose this sensation in time.

A greater shock to the nervous system than birth is coming back to work after a vacation, because it is an annual agony. Medical science has done much to make birth as pleasant as possible for all concerned—except for the forgotten man with the pocketbook who causes it all. But it has done nothing to cushion the mental suffering a man undergoes at having to return to his job after two care-free weeks of holiday.

This is the cruelly ordeal inflicted by a heartless civilization. The poor wretch lies shivering in his bed as the alarm clock bugles a call for him to rise and do his duty. Madly he tries to crawl back into his dreams, hoping vainly that somebody will drop an atom bomb or lightning will strike the place he earns his daily bread—anything, anything to stay joyously carefree for another week, a day, an hour . . . a minute . . . longer.

Back To Daily Toil

"Get up," says his remorseless hausfrau, "and go earn me a living."

And shivering and shaking, the despondent creature gets up, puts on his hairshirt, scratches himself and mopes off to his daily routine at office or factory.

All day long gibing co-workers keep coming by and asking if he had a nice time at the seashore or "Where you been? Sick? I have't seen you lately."

For a whole week the fellow doesn't do enough work to break a gnat's back. He daydreams—listening to the sea's song grow dimmer . . . dimmer . . . dimmer. By Friday he has accepted the harness again, but meanwhile his soul has suffered an immortal blow.

Cut such a man open and you'll find he shows his age much in the same way as the rings in its trunk betrays a tree's antiquity. You count the big scars on his nervous system—one for each year he returned from a vacation—and add 21 for the time he spent learning to earn. The total will tell you exactly how old he is in suffering.

Such wounds could easily be avoided by a system which permitted a man to adjust himself gradually again to the daily treadmill.

The first day back a man should have to show up only for an hour in the afternoon. He would walk around wearing a big sign around his neck saying:

"Yes, I've been on a vacation. No, not the mountains—I went to the seashore. Yes, I had a wonderful time. No, it wasn't too expensive—only twice what I could afford. Yes, I know I have a nice tan, and you don't have to say it ought to be good for at least three more days. I know it won't last long. Yours didn't either. No, I'm not glad to be back. I hate it like hell. Please don't ask me any questions or I'll break down and cry."

The boss would then step up and say:

"Son, take the rest of the week off. I know how hard it is—I used to be a working man myself."

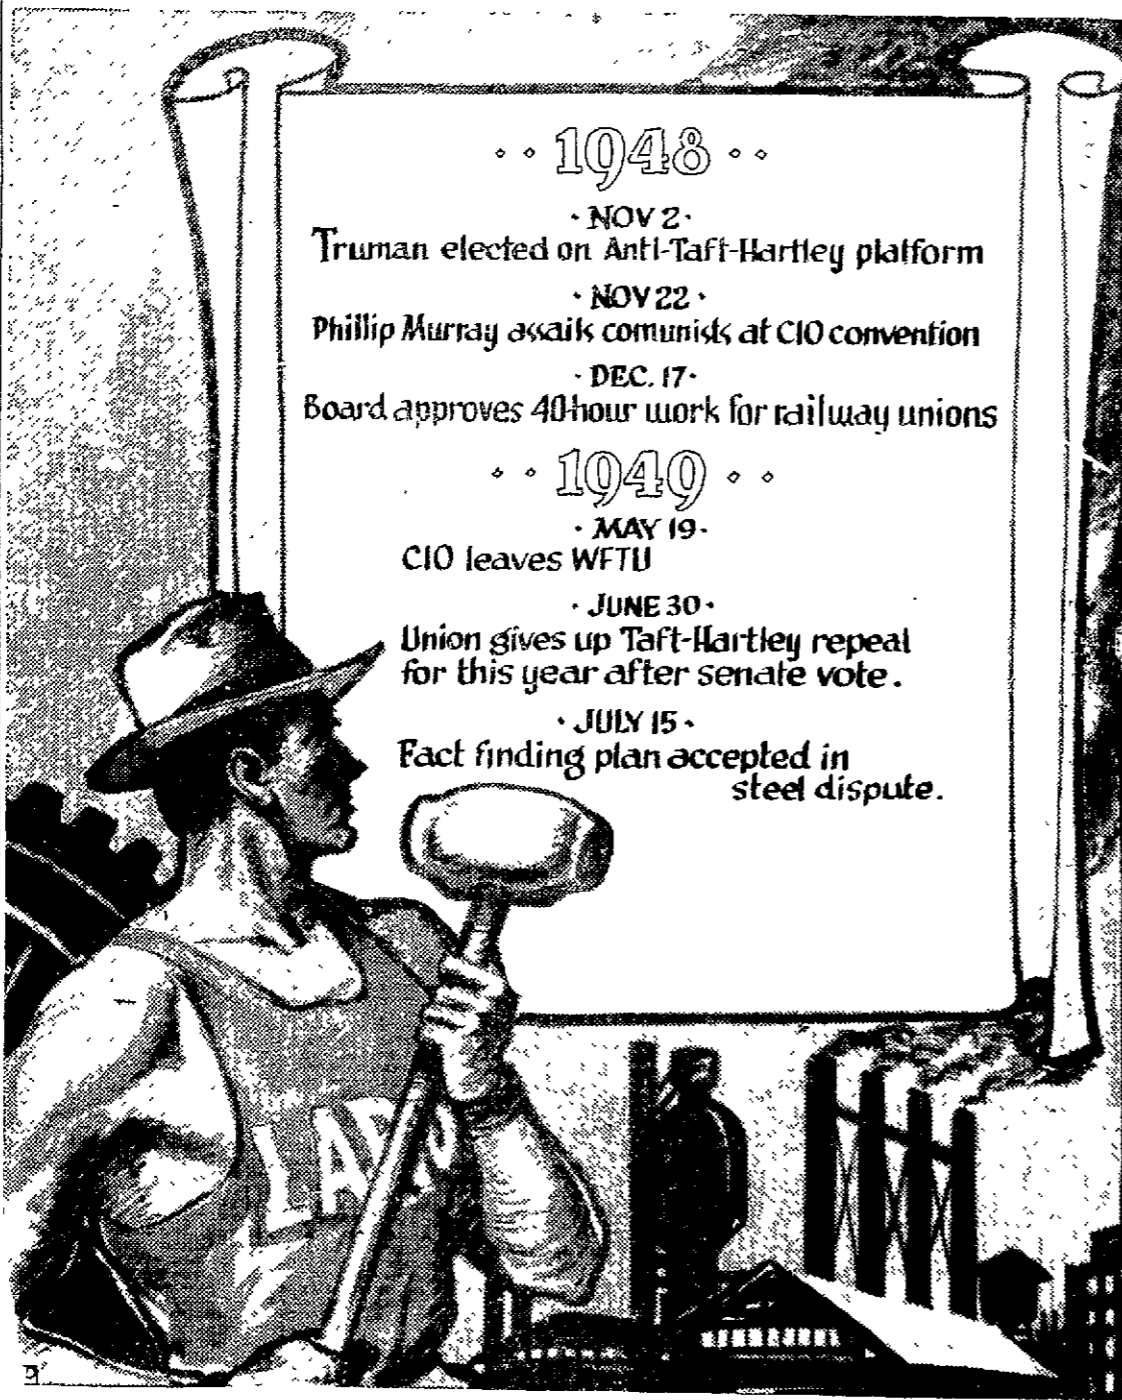

That would solve the whole misery—a good post-vacation.

Crossroads Comment
by G. H. S.

Art Samish, a lobbyist, is being built up these days as "the secret political boss of California." Maybe so, and maybe not, is the comment of the Democratic State Committee news letter, but he knows the score. When a writer asked, "How can the people get rid of you and others like you?", Samish told him: "There is only one way. People must take more interest in the men they elect."

Recently this column carried a suggestion that barber's hair-cutting prices should be altered on the basis of the color of a person's hair since carrot-tops have only 90,000 hairs, brunettes 105,000 and blondes 140,000.

James C. Kirkpatrick, executive secretary to Governor Forrest Smith, read the item and now calls my attention to the fact that as one of the carrot-tops he wants to know where in the heck are his other 89,900 hairs, Jim is the hirsute-rufous type, slightly hirsutulous, yet still the best all around public relations man in Missouri.

Every now and then federal narcotics agents nab a big-time dealer in marijuana. Addicts smoke the dried leaves in cigarettes. Traffic in the drug has grown to immense proportions in this country. Users get delusions of grandeur, although it isn't always the use of marijuana that induces this abnormality. Some people just get that way by simple self-hypnosis of their own common sense.

The chronic marijuana user not only has delusions of grandeur but under its influence is prone to acts of violence.

Every now and then we hear much concern expressed because of the increasing world population and the fear of starvation. There's still a lot of room for planting beets, cabbages, corn and whatnot in the front yard and along thousands of miles of railroad rightofway.

Canada's bonus program for mothers to raise more babies has cost more than a billion dollars in four years, and failed to increase production. On the same day this announcement was made in Ottawa, the House of Representatives in Washington, D. C. voted three million dollars a year to get more bees in the U.S. on the assumption that if it were not for the bees Americans would starve because of insufficient pollenization. We hope that American bee parents are not as inconsiderate of this bonus as Canadian pappas and mammas were of theirs.

• The Washington Merry-Go-Round
Fabulous Major Lincoln, U. S. Intelligence Officer, Is Legendary Hero In Middle East
By Robert S. Allen

(ED. NOTE—While Drew Pearson is on vacation, the Washington Merry-Go-Round is being written by his old partner, Robert S. Allen.)

WASHINGTON—This is a long-merited tribute to a fabulous American who, although unknown to his own countrymen, is a legendary hero in the middle east.

He is Maj. Robert T. Lincoln, U. S. Intelligence officer.

It is particularly fitting to acclaim him today because exactly ten years ago Russia hurled its first blast at him. The Soviets were then the new allies of Adolf Hitler, and in a furious broadcast denounced Lincoln as an "American spy and saboteur." Both the Nazis and Russians put a big price on his head, but he is still alive and still annoying the gall out of the latter.

To the awed middle east, Lincoln is more extraordinary than Britain's late famed "Lawrence of Arabia." Tales of Lincoln's feats are even more numerous and astounding than those about Lawrence.

Pentagon chiefs depend on Lincoln as they do on no other Intelligence officer. But they never discuss him. Questions about him are always answered with a blank stare. His whereabouts, his missions and his reports are so secret they are known only to the joint chiefs of staff.

But this much can be said about him: he is the eyes and ears of democracy in an explosive outpost of the world, and his services to his country are probably more hazardous and thankless than those of any other single individual.

Tall, Dark and Mysterious

The rare few who know Lincoln describe him as tall, rangy, with dark brown eyes and black hair that is beginning to show gray at the temples.

He is a superb horseman, a crack marksman, and a versatile linguist. He speaks Russian, Arabic and a number of other languages. He operates wholly alone, with no confidantes and no friends, but mingles freely among nomad tribes, particularly in the remote mountain areas of Iran.

The natives say Lincoln married the daughter of a Kurdish chief. There is no known proof of that. It is one of the many stories told about him.

Another is about his feat of acting as a native guide for a Russian armored patrol that made a raid into Azerbaijan, northwest Iranian province, early this year. Lincoln obtained highly important military information as a result of this exploit.

Still another story credits him with buying food from pursuers who were trying to capture him. Also, there is a tale about a mission he performed in Baghdad while posing as a British tourist.

How many of these stories are true, no one knows. But they are all over the middle east, and new ones are constantly cropping up. In fact, Lincoln has become so legendary that some have begun to cast doubt of his existence. Hi! Ya, Judge

There is one high U. S. civilian, however, who can personally attest that there is a Maj. Robert T. Lincoln.

The official is Supreme Court Justice William O. Douglas.

He met the mysterious Intelligence officer during a recent mountain-climbing trip in inner Iran. The meeting was as brief as it was startling.

Douglas, his 16-year-old son, and Terry Doohar, of the U. S. embassy in Teheran, were camped in the Bakhtiari country in western Persia. The Bakhtiari are great horsemen, and always ride at full gallop. One evening, they invited Douglas to ride with them.

He accepted, and was soon racing at breakneck speed across the plain with a Bakhtiari on each side of him. Not speaking their language, Douglas rode in silence. Finally the party halted near a small stream to rest and water the horses.

Douglas offered a cigarette to the "native" standing on his right, and was nearly bowled over when he said in perfect English, "Thank you, Mr. Justice. How are you enjoying your trip?"

It was Major Lincoln, dressed like and looking like a Bakhtiari.

Lincoln was taciturn even with Douglas. He asked him to thank Ambassador John Wiley for a personal favor and also to deliver information to Wiley for the transmittal of funds for a certain mission.

The two men talked not more than 10 minutes. Then, as other Bakhtiari crowded around, Lincoln appeared to vanish. One moment, he was standing by Douglas. The next, he had disappeared. On the return trip, Douglas spoke to a number of the party but all shrugged their shoulders uncomprehendingly.

When he related the experience to Doohar, the latter was not surprised.

"I envy you," the young career man said. "I wish I had been with you. I have never met Lincoln myself. I have always been hoping something like this would happen to me. That's the way he operates. He slips in and out of an area like a shadow. He leaves no trail. He is welcome in every village and camp. He is the all-time mystery man of the middle east. We are very fortunate to have a man like him."

When Douglas transmitted Lincoln's message to Ambassador Wiley, he, too, was not surprised.

"I've been expecting to hear from Lincoln," Wiley said, "but it never occurred to me that you might be the medium. If I had thought that likely, I would have told you to inform him that he has been recommended for promotion. He deserves it richly."

NOTE—When the Iranian colonel, who accompanied Douglas, learned about his meeting with Lincoln, the Iranian immediately ordered out a large cavalry detachment to scour the area. They rode all night but found no trace of Lincoln.

• Ruth Millett
American Gals Have to Play Dumb to Snare Slow Spouse

MORE than half the men questioned in a recent poll claim they wanted wives more intelligent than themselves.

That poll, I hasten to add, was taken in France.

American men NEVER marry women more intelligent than they are—not if they know it. And they never know it, due to a little game American women play.

In America there is an unwritten law that the man has to be the more intelligent.

If he actually is—it's simple. But when he's not, the girl who wants to make him fall in love with her has to keep him from suspecting the awful truth.

She has to pretend to be less bright than he is. And she has to make him look brighter than he is.

This may wear on her at times. Like when she has to listen to him explain something to her she could better explain to him.

Need Some Acting

But it isn't a difficult feat at all. The girl asks questions instead of answering them. She asks advice

he doesn't need. She says "What do you think?" instead of parading her own opinions. She manages with wide-eyed admiration to make him think she is only bright enough to appreciate his superior wisdom.

Thanks to this little game American women are willing to play in order to get husbands, American men never—so far as they know—marry women who are more intelligent than they are.

They not only don't prefer wives who are smarter than they are; they wouldn't have one on a bet.

Fortunately most intelligent girls are smart enough to know this and perfectly willing to play The Game.

There must be lots of men in this country married to girls who are more intelligent than they are—but have you ever known a man who admitted that he was? Or heard a young man say, "When I fall in love it's going to be with a girl who is smarter than I am?" It couldn't happen here.

• The Doctor Says
One Rare Disease Led to a Magic Cure and a Romance

By Edwin P. Jordan, M. D.
Written for NEA Service

You probably never heard of myasthenia gravis. It's a very rare condition whose cause is still unknown but its treatment, if not cure, has been enormously improved. There is a real medical miracle story in connection with the treatment.

It begins with a rather typical description of the malady given by an anonymous patient recently in the British Lancet. Her cure was the "miracle" mentioned above.

The patient was 18 years old in 1925. She first noticed seeing double and felt fatigued. After several months of this, while she was ironing a dress she suddenly found that she could not hold up her head which kept dropping forward. Soon thereafter her knees started giving way underneath her at odd times.

Just Another Try!

In February, 1935, ten years after the first symptoms began, the patient's fiancé, who was a medical student, told her that he had something new for her to try. Her first thought, she said, was "Oh bother! Another injection and another false hope."

"I submitted to the injection," she said, "and within a few minutes began to feel very strange. When I lifted my arms, exerting the effort to which I had become accustomed, they shot into the air. Every movement I attempted was grotesquely magnified until I had to learn to make less exertion. I had simply regained relatively normal strength—it was strange, wonderful, and at first very frightening." The drug was neostigmine which the patient continued to take almost every day for the next 14 years.

In the summer of 1937 the patient married her medical benefactor. It was a happy ending to our story.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

The Doctor Answers:

QUESTION: Is a crooked nose easily straightened or does it require an operation?

ANSWER: I do not know of any way except an operation to straighten a crooked nose.

• Q's and A's

Q—How can a rocket operate in a perfect vacuum where there is no air for it to push against?

A—A rocket provides its own material to push against, in the form of the gases that it ejects. It is the reaction or "kick" as these gases are shot out, that drives the rocket ahead, so it would work better in a vacuum, like that in interplanetary space, than in the air, where there is some friction.

Q—Who founded the Quakers?

A—The Society of Friends, a religious denomination commonly called Quakers, arose in the 17th century from preachings of George Fox, an Englishman.

Q—Where does Brazil rank in size in the world?

A—It is fourth largest country. Brazil is surpassed in size by the U.S.S.R., China and Canada.

THE STORY: Until Barry Balbridge's millions saves the life of Gaynel Tenare's younger sister Pat, Gaynel was slow to accept his proposal of marriage. Then came Pat's emergency operation. Gaynel promised to pay Barry back the money he spent to save Pat's life, and tells herself she will give Barry the answer he wants. But Fritz takes Gaynel on a pleasure jaunt across the Detroit river to Canada and confides in her. He is about to land a very good job and he proposes to her. Gaynel realizes she is in love with Fritz.

NATURE, at the moment, was a black squirrel approaching them cautiously, yet with a hopeful gleam in its bright eye and in the flag-flung triumph of its bushy tail.

Fritz nudged her to sit still. He reached out a hand, clenched as though containing some hidden treasure; made a clucking sound with his tongue.

The squirrel came toward them once more, a little pause between each eager advance; with a leap it landed neatly on Fritz's shoulder, to perch there a moment then dashed down his coat front, took a nibble at one button, poked an inquiring nose into his hand.

"Aren't you ashamed?" Gaynel asked, when the little creature, after giving them a reproachful look, had scurried away.

"Not me," Fritz returned elegantly and shamelessly. "The little rogue probably already has a full winter's store pilfered away."

"Smart fellow," Gaynel said. "We should take a lesson," she said. "Save up for that rainy day. I'll bet you haven't one nickel in a savings account, young man. Or any intention of ever putting one there, which is worse. What will you do when winter comes?"

"That's an old one," Fritz stretched his legs a little further. "Haven't you heard? There's always spring, the wench, sneaking up, wagging her tail behind, like Mary's lamb. Now I'll ask you one." He pointed an accusing finger at her. "What would I do with a bank account? I'm not afraid of the rain. When are we going to be married, Gay?"

Gaynel took a deep breath; then she plunged. "That's what I meant," she said, "about a bank account. How can you talk so blithely of taking on the responsibilities of a family without one? I don't quite see how we can get married, Fritz."

HE drew his long legs up, turned and stared at her. "You don't see how..." Look here, gorgeous. Of course we're going to get married. We're nuts about each other, aren't we? I've a job now that can take care of us.

"Hold on a minute!" He would not let her interrupt. "I know you still make more dough per week than I do, but this is only a starter for me. We can get along swell, the two of us. What do you mean—take on a family?"

"I mean," she studied the tips of her fingers, "that there are more than just the two of us to consider—that I have certain responsibilities—to my family, Fritz. I can't just step out of them and run away."

"Plense!" She stopped him now, when he would have interrupted. "You hold on a minute, darling; let me talk. There are a lot of things you don't understand. Things that go back; a long way. Back to that day when my father was found dead in his car in our garage—after his business had failed."

"I found him, Fritz. I'll never forget." She closed her eyes a moment, as though to shut out that memory; then opened them, as though to force herself to face it again. "It was a lovely fall morning, a day like this. I'd promised Barry I'd meet him at 6 for a set of tennis. I remember, even now, how I felt, running out of the house, the world such a beautiful place, so secure, so singing, so safe—the way it had always been for me, the way I supposed it always would be."

"These are exceptional hamburgers, of course," Fritz said. "Just wait till you sink your teeth in them!" He crunched his own in anticipation wet his lips. "That's why I've been dragging you for miles all over this Isle; to whip your appetite into shape. Boy! He stretched his legs in front of

"And then something—I'll never know what—made me stop a moment at the garage, open the door. That was when I found my father; his head slumped over the wheel, one foot as though he had tried to get out. That was what made me so sure it wasn't suicide. I knew he couldn't have done that to us—the ones he loved."

"POOR kid," Fritz said; he caught her hands in his. "That was a tough break."

"It was an accident," Gaynel insisted. "But of course people said it wasn't. It was hard to make people believe differently after they found out that father had turned over his own money in an effort to help save the bank. He was ruined—suicide seemed the answer."

"But if you knew how sheltered our lives always had been and then to have the whole world come toppling down on your head! That's why I'm telling you all this, Fritz." She looked at him now. "Try to make you see it all—so that you'll understand why I can't step out of the responsibilities I had to assume at that time."

"Mother was so bewildered, she didn't know what it was all about; she doesn't know yet. She's still living in the same world she always lived in. Deny is like being in that. He had to go on and finish college. He has to find a job that will be good enough, and suitable, for him. Pat was only a child, still is..."

"And you became the breadwinner for the family," Fritz added. "Well, the cake-winner, at least." He did understand; it was not going to be so difficult after all. Maybe they could work it out together; maybe there would be some way. "They could get on, I suppose, if they would, without my help. Our house is entirely free from debt. Father's insurance gives us a moderate income."

FRITZ said, after a moment of silence. "But, my sweet, people can learn to do without cake. Lots have, you know. If the depression taught any lesson, it was that. Not the depression alone, but all the changes in this new world of ours, in other countries, as well as our own."

This was a new Fritz. A thinking, serious person. Almost she was afraid of him. Yet, she had known all along that there was that side of him, too. She loved him more because of it, if loving him more were possible.

"There's no room for cake-eaters," Fritz said. "Or for martyrs, either. Girls marry the man of their choice. I am your choice, aren't I, my love?" His blue eyes were teasing, but tender.

"You are," Gaynel vowed; her dark eyes saying much more than that.

"You're not thinking of marrying anyone else, then?"

"No I couldn't marry anyone else. Now."

"Then we'll work it out some way," Fritz said. "Together."

That "together" was sufficient. For the present, at least, it sounded so tremendous that it surely could surmount all time, remove all obstacles.

She said, "You darling..." and turned her head, so that he would not see the tears that pressed behind her eyelids. She was a sentimental fool. But a happy one. He was so unutterably dear. It was grand to be in love. She wasn't afraid any more.

"What you need," he said, "is some food. Nothing like it to strengthen the morale and start the brain in the box ticking. We'll dine, Gay, and then we'll talk this out. And what's even more to the point, by that time it will be dark and I can make you listen to me without all these people and animals rubber-necking."

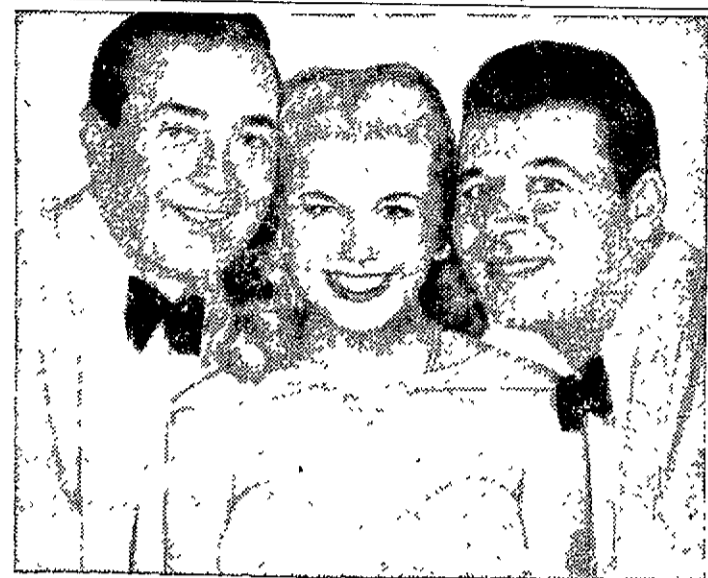

(To Be Continued)

Bud Abbott and Lou Costello return to the Liberty screen today in "Ride 'Em Cowboy," to head the comedy casts of a two-hit holiday week-end comedy program. They are ably aided and abetted by Mae West and W. C. Fields, in a return engagement of their famous "My Little Chickadee."

1949's most imposing cast has been arrayed for the new Technicolor screen production of Louisa May Alcott's beloved "Little Women," current holiday attraction at the Fox Theatre. Pictured above are Elizabeth Taylor, Peter Lawford and June Allyson, and the heart-warming classic also includes Margaret O'Brien, Janet Leigh and Mary Astor.

"MY DREAM IS YOURS" stars Doris Day, Jack Carson, Lee Bowman. The tuneful film musical, a Michael Curtiz Production in Technicolor for Warner Bros. release, is now on view at the "UPTOWN THEATRE."

How to Play Canasta: 6 Use 2 Decks and Four Jokers

BY WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

The laws of four-handed Canasta call for two regular decks of 52 cards each, plus four jokers. In cutting for partners and seats, the ace ranks high and the deuce low. If a player draws a joker, he puts it to one side and draws another card.

The player on the right of the dealer shuffles, but the dealer also may shuffle the pack. The player on the right of the dealer must cut the cards. Tables are arranged as in bridge, by selection of partners or by cutting for partners.

The cards are dealt to each player one at a time. After each player has received 11 cards, the deck is placed on the table, preferably in a box or tray, and becomes the stock pile. The top card of the stock pile is turned over and placed in another box or tray, and this pile is referred to as the pack, or discard pile.

If the up-card is a joker, deuce or red trey, it is removed from the box or tray and slid under the edge of the box or tray so that it is visible to all players, and again the card top of the stock pile is turned face up and put in the other box or tray.

If another joker, deuce or red trey is turned up, the next card from the stock pile is turned up to cover it, and this process is continued until some card other than a joker, deuce or red trey is turned up.

The joker, deuce or red trey that has been slid under the edge of the box containing the pack signifies that the pack is frozen.

The ordinary rules applying to bridge and other card games for dealing hold true in Canasta. After the deal has been completed, play is ready to start.

The play consists of three parts: one, the draw; two, the meld (optional); three, the discard.

When it is a player's first turn to play, the first thing he must do is to remove the red treys from his hand and place them face up on the table. He is entitled to another card from the stock pile for each red trey he puts on the table.

If one of the cards he draws from the stock pile is a red trey, he must put that on the table and draw another card, so that at the start of the play he has 11 cards in his hand without any red treys.

Horace Heidt, one of the half-dozen stars that will be heard this winter over KMBC each Sunday evening, returns to the air tonight at 8:30 p.m. Heidt's youth opportunity program will present the third-quarter championships on this evening's broadcast. His quest for youthful musical talent has been popular for more than a year, and his new series, to be featured each Sunday evening on KMBC at 8:30 p.m. promises to be better than ever.

For a complete, up-to-the-minute presentation of News, we invite you to tune in on Bill Griffith, one of the finest newscasters in the Heart of America, is heard every week on four programs. His 6 a.m. News is popular with early risers. Bill's 7:15 morning newscast is popular too, and his 8:25 and 9:45 round out the morning schedule. This is a six-day a week feature that has proven to be of service to rural and urban residents alike. Bill's accurate and direct presentation, by the way, is specially compiled and written for Heart of America audiences.

"Radio Playhouse" resumes its fall series on KMBC this Thursday evening at 9 p.m. James Hilton will continue as narrator-host, and guest stars will take the leads in this dramatic series. Robert Young will be starred in "Yankee from Olympus," a story about Supreme Court Justice Oliver Wendell Holmes, in this week's program.

Another KMBC-KFRM feature that is unusual, and yet provides a really important service, is the 7:25 a.m. Weather News. Henry Wheat is heard six days a week with this five minute program that presents the latest weather information. It has interest for the entire family, whether they live in town or on the farm, and if you haven't already discovered this five minute program, we'd like to invite you to become a daily listener.

On Friday night of this week KMBC presents a star studded schedule of radio programs designed for your listening pleasure. In glancing over the schedule, you'll find "The Goldbergs" at 7 o'clock, starring Molly Berg as Molly. At 7:30 Lucille Ball heads the cast of "My Favorite Husband." Joan Davis, one of radio's funniest females, will be heard on KMBC at 8 p.m. in "Leave it to Joan." At 8:30 KMBC presents "First Nighter," with Barbara Luddy and Olan Soule in special adaptations of dramatic programs specially written for radio.

This fall you'll hear them all on KMBC!

Carnival By Dick Turner

"I don't care for these long earrings—they make my ears look too much like question marks!"

In its 58 years of gudiron competition, the University of Missouri has had only one unbeaten team. That was the 1909 team, coached by Bill Roper, that won seven games and tied one.

LABOR DAY

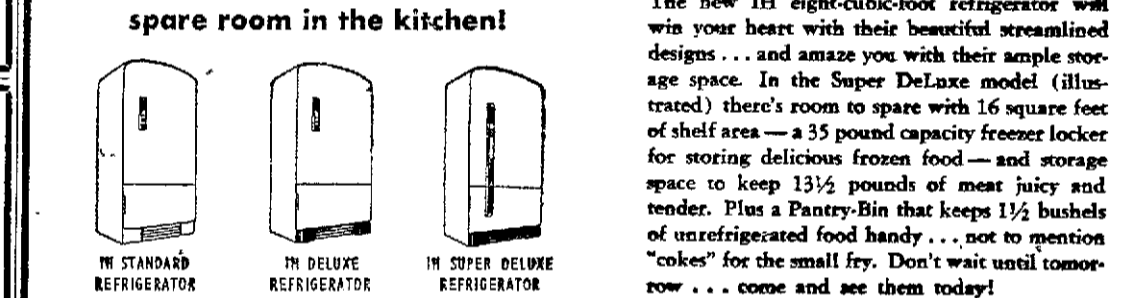

That... a truly American sentiment recognizes the dignity of labor and the fact that honor lies in honest toil... was voiced by an American president. The truth of this statement is shown by the observance of this day of tribute... to the man with the hoe, at the factory machine... the drawing board... and to the millions of other workers who built this great country with the toll of their hands... the sweat of their brow.

Apple Pie to be Six Feet Across

BOONVILLE, Mo., Sept. 4.—(P)—A Missouri apple pie, nearly six feet across and six inches deep, is going to be baked for the State Orchard of Tomorrow meeting near here Nov. 11.

Plans for the giant pie were made this week by soil contractors, farm machinery dealers and county extension agents.

Ben Trout, who will bake it hasn't figured out yet how many apples it will take. The bakery ovens were measured to determine the size of the pie. He decided he could bake one five and one-half feet in diameter and six inches deep.

His Faith in the Bible Strengthened

DENVER, Sept. 4.—(P)—Nathan Mullin, 63, told police that on his way home from church two men held him up and demanded his money.

Mullin's only weapon was a Bible and he used it, slapping the gunman across the face.

"Both men ran," Mullin said. "The man with the gun turned around and shot at me once, but he missed."

Mullin says he always had a lot of faith in the bible.

JUNGLE-BOUND WARPLANE GRAVEYARD—American warplanes at Biak, New Guinea, once an Allied base in 1942, are piled up in a deserted jungle-bound graveyard where the Dutch plan to salvage the strategic aluminum.

FOR SAFETY, GO EAST, YOUNG MAN—The above map shows the accidental death rates by states during 1948, just released by the National Safety Council. Generally, the eastern states had a lower rate than the west, the Rocky Mountain region being highest with 103 accidental deaths per 100,000 and the New England states having the lowest rate of 55. New Jersey was the safest state during 1948, with only 51.5 accidental deaths per 100,000 and Nevada the most dangerous with 154.9.

Newspaper Mechanical Conference

Be Held In Joplin On Saturday and Sunday, Sept. 10-11

The Missouri Newspaper Mechanical Conference will be held Saturday and Sunday, September 10 and 11 at Joplin, with headquarters at the Connor hotel.

The meeting will open at 3:00 o'clock Saturday afternoon with an address of welcome by L. Russell McKee, mayor of Joplin, and F. G. Hughes, Assistant General Manager of the Joplin Publishing company.

Paul S. Ginn, of Sedalia, president of the Missouri Newspaper Mechanical Conference, will give the response.

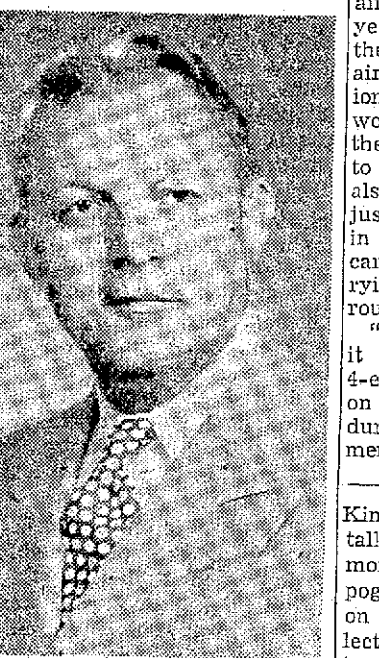

Other conference officers are: vice president, E. L. Sparks, Jr., Hannibal, Mo. secretary-treasurer, O. K. Hammit, Moberly, Mo. directors: Mike C. Creasy, Columbia, Mo., Otto Enlow, Joplin, Mo., Joe C. Schulte, Joplin, Mo., William Mahoney, St. Louis, Mo., Beryl A. Troutman, Hannibal, Mo.

William P. Mulvaney, vice president and general manager of the Rapid Electrotape company, who will speak on "Printing Plates for Newspaper Use" at the Missouri Newspaper Mechanical conference to be held in Joplin Saturday and Sunday, Sept. 10 and 11.

The speaker for the opening session will be William P. Mulvaney, vice president of Rapid Electrotape company, of Cincinnati, who will take as his subject "Printing Plates for Newspaper Use." Mr. Mulvaney is considered one of the best in his field and is an authority on electrotypes, plastic plates and zincs.

At 6:30 o'clock Saturday night a buffet luncheon will be given by representatives of the newspaper supply companies for delegates and guests.

Howard N. King, consultant on typography to Intertype corporation, will speak at the Missouri Newspaper Mechanical Conference to be held in Joplin September 10 and 11. His subject will be "The Newspaper of Tomorrow."

Officers for the coming year will be elected Sunday morning at the meeting starting at 9:30 o'clock and the convention city for next year will be selected. Howard N.

Her brother, Glenn Cox, Jr., right, this year is entering Southern Methodist university, at Dallas, Tex., after two years at Fayette. (Lohmer Studio)

Johnson Moves For Economy

Suggests Use Of Commercial Plane In World Flight

WASHINGTON, Sept. 3.—(AP)—Secretary of Defense Johnson turned his economy drive on Congress Friday delicately suggesting that senators planning an around-the-world junket take a commercial plane instead of a special Air Force transport.

This, he said, would save the Air Force \$25,000.

Though there have been insistent cries from Congress for economy, the unprecedented misadventure from Johnson jolted the legislators.

Senators Won't Be Pleased

Said Senator Thomas (D-Okla.): "I know senators will not be pleased."

Thomas, as chairman of a Senate appropriations subcommittee on the armed services, had planned to lead 11 other senators on a two month inspection trip in Europe. They planned to cross the Atlantic by boat, starting Sept. 21. But part of the group, headed by Senator Cordon (R-Ore), then intended to fly around the world via India, Japan, the Philippines and Hawaii.

Report Boat Was Struffed

NOMAN'S ISLAND, Mass. Sept. 3.—(AP)—Three fishermen said a wave-hopping fighter plane strafed their docked vessel Friday but a Navy spokesman said planes from a nearby Air Base had not fired in the restricted target area.

The spokesman — from the Quonset, R. I., Naval Air Base — said a flight flew to the practice area, but returned when it encountered seven "P-47's" machine-gunning the spot.

The strafing was reported by owner Captain Lee Broderick, 40, Ellis Henry 25, and Louis Oliver, 22, all of New Bedford, the crew of the 35-foot steel-hulled Sharker I out of the same city.

Broderick said the craft frequently put into the wharf and that he understood only part of the island and its waters to be restricted for Navy use. He said he thought the landing was not included in the order.

At Quonset, however, the spokesman said the entire island and waters are reserved exclusively for naval bombing, machine-gunning and rocket practice. He said no other planes are supposed to be in the area.

Letters Exchanged

Thomas wrote a letter to Johnson telling about the plans. In the past, when members of Congress asked to use military aircraft on any trip labeled "official business," the Pentagon immediately ordered the engines warmed up. Especially if the request came from such a group as Thomas', which holds the purse strings on military spending.

But Johnson came back with a letter saying the proposed trip around the world gave him "concern."

"For economy reasons, both in aircraft and in dollars, so far this year I have refused to agree to the assignment of special mission aircraft to accompany congressional parties on trips around the world," he said. "I have felt that the services do not have aircraft to spare for trips of this sort, and also I have felt that I could not justify placing the armed services in competition with commercial carriers who are engaged in carrying passengers over these same routes x x x"

"The Air Force estimates that it cost \$130 an hour to keep a 4-engine aircraft aloft, and that, on a trip of six or seven weeks' duration, the cost to the government for such a special flight

King will be the principal speaker, talking on "The Newspaper of Tomorrow." Mr. King, a famous typographer, book designer, writer on printing and advertising, and lecturer on the effective use of type, is vice president and director of typography of the Maple Press Company, York, Pa. In addition, he writes and designs a house organ which is syndicated to printers and contributes to the trade journals. As typographic counselor to the Intertype Corporation of Brooklyn, he has appeared before printing and advertising organizations throughout the country.

Mr. King is a forceful speaker, clear and concise in his treatment of the subject, with the ability to intersperse his material with humorous comments. His sincerity and enthusiasm add much to the presentation. He never fails to introduce new and constructive ideas—for typography, and for real attainment through creative craftsmanship.

A banquet for all registered delegates and guests will be held at 11:30 o'clock Sunday morning. Machinery and equipment will be on display with several different companies exhibiting.

Officers for the coming year will be elected Sunday morning at the meeting starting at 9:30 o'clock and the convention city for next year will be selected. Howard N.

State Representative Cleared Of Charges

ST. LOUIS, Sept. 2.—(AP)—State Rep. Thomas A. Walsh of St. Louis was freed today of charges of illegally discharging a firearm, peace disturbance and failure to make a major street stop.

The charges were nolle prossed after the complaining witness, James Markham of St. Louis failed for the third time to appear in court.

Markham had accused Walsh of firing a revolver shot at his car on May 22 after Markham had admonished the legislator for failing to make a boulevard stop in his automobile. Walsh denied the charge.

Rejected Suitor Kills A Texas Secretary

DALLAS, Sept. 3—(P)—Dallas police said a rejected suitor killed Carolyn Schofield, 20, pretty Dallas secretary, with a volley of six pistol shots in an office here Friday.

Keith Peterson, 21, of Dallas,

junior journalism student at Southern Methodist university, surrendered to police.

Detectives Luther Delk and C. V. Sanders said Petersen told them he had been keeping company with Carolyn for about six years but she was going to marry someone else.

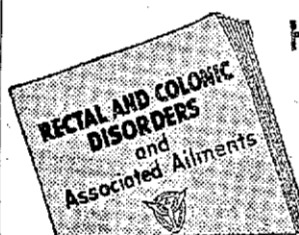

Officers said that after the shooting, Petersen asked a woman who had alighted from an elevator to call the police. They said he was waiting for them when they arrived.

Officers took a signed statement from Petersen. They had not filed charges tonight.

Stay Charges Of Desertion

Kansan Has Three Children With Him One Suffers Polio

WICHITA, Kas., Sept. 3—(P)—Charges that he deserted his wife and four children were stayed today as Henry Elder Feeler sought to care for the three daughters with him—one sick with polio. Police said Feeler—an unemployed oil driller—lives at Garden City, Kas. They said he told them he has been seeking work at Guymon, Okla., and Wichita.

His Story Of Woe He told this story, they added: Laid off two weeks ago, he left Garden City Saturday for Guymon, and with Rosie Lee, 7, Connie Sue, 9, and Oliva May, 13, in a 1936 model car.

But the Guymon job was filled before he got there. So he drove all night Sunday to El Dorado, Kas., pawning his watch at Alva, Okla., for \$20 for expenses.

At the home of a brother in El Dorado, Rosie Lee became ill. He gave her aspirin for fever—and they came on to Wichita—again to seek the elusive job.

When Rosie Lee became more seriously ill, he took her to a Wichita hospital. Her illness, they told him, is polio.

When detectives accosted Feeler on the child desertion charge as he stepped on the hospital elevator, he took them to see Rosie Lee.

Salvation Army Helps Out A telephone call to Garden City made arrangements, said Detective Sgt. Vic Stough this afternoon, for a deputy sheriff to come to Wichita to talk to Feeler tonight.

The Salvation Army is helping Feeler find a temporary home for his other two daughters, police said.

"He talked to his wife by telephone," said Stough, "but says he didn't want to worry her. He told her Rosie Lee is ill, but didn't say it was serious."

Already, Stough said, sympathetic Wichitans have contributed \$20 to police to help Feeler.

A C-47 Crew Is Killed In Alaska

ANCHORAGE, Alaska, Sept. 3—(P)—An Alaska Air depot C-47 plane crashed into Cook inlet near Fire Island Friday, killing all seven crew members.

Tonight an Army crash boat was at the scene, some 14 miles south and west of here, trying to find the bodies.

A 10th rescue squadron float plane earlier sat down near the wreckage and the pilot brought back some portions of the plane, from which identification was made. The plane had been on a routine training flight and had been in the air only 45 minutes when it crashed.

Crewmen of a C-82 troop carrier plane reported seeing the C-47 appear suddenly out of a cloud, go into a flat spin and plunge into the inlet. They said they thought they saw two packages fall from

the doomed plane and said they "might have been bodies."

Names of the C-47 crew members were withheld at Elmendorf Air Force base pending recovery of bodies and notification of kin.

CHAMBERS CHAT . . .

The Stove of Tomorrow Is Here Today!

Grandma won't recognize the cookstove of tomorrow if what I saw today wasn't a gorgeous dream. This Chambers Range—and right in our town at L & G Electric Company—is the newest of the new. But let me tell you that while you read the papers it cooks capers. In fact it cooks most anything without basting, stirring, or pot-watching. If modern woman ever had an emancipation proclamation this is it.

The three burners on top are symbols of the evolution of cooking. Only one is really needed—for making coffee, tea or a seven-minute icing. Where the fourth burner would ordinarily be is a receptacle that keeps on cooking after the gas is turned off. The food doesn't cook any faster than ordinary, but it doesn't evercook either and it always comes out deliciously done. This receptacle holds, three vegetables, or two vegetables and a meat. They can boil furiously inside and yet you feel no heat from steaming pots in the room. What's more, this deep well doubles as an oven—it turns out baked potatoes, pies or biscuits with only one-sixth as much fuel used!

Then there's a gleaming griddle right on top that heats evenly. This is the grilled sandwich and pancake department—eight of either one at one time. Just flick your wrist with your hand on that streamlined insulated handle and the griddle rises like a drawbridge. Popping up right underneath it is the broiler that cooks a thick steak on both sides at the same time without turning it over. This heavy cast platter is removable to serve as a banquet centerpiece in perfect harmony with your silver and crystal.

The oven is an engineering feat in itself. It does everything the deep well does, but on a larger scale. It can cook a fifteen-pound turkey with only forty-five minutes of gas, because it retains the heat. Absolutely no basting is necessary in this oven and meat shrinkage is tremendously reduced because once the gas is turned off there is no oven draft. The Chambers oven can contain the largest domestic roaster made. Hand-ground cast iron fittings seal the oven door so tightly that the cook is no longer cooked every mealtime.

Parts that ordinarily show the greatest wear are guaranteed for twenty-five years against wearing out.

The amazing thing is that this Chambers range measures slightly more than a yard wide and comes in six breathtaking colors.

OBITUARIES

Mrs. Elizabeth Ann Bohon

Mrs. Elizabeth Ann Bohon of Smithton, 78 years old, widow of the late Will Bohon, died at 11:10 Saturday morning at the Bothwell hospital where she had been a patient for nearly three months. She had been in failing health several years.

Mrs. Bohon was born August 9, 1871, near Stover, in Morgan county, the daughter of Henry and Julia Lujin. She was married to Mr. Bohon about 40 years ago, and he preceded her in death 19 years ago.

Surviving are her brother, Louis Lujin, of Smithton, four nephews, Roy and Floyd Lujin of Smithton; Virgil Lujin of Sedalia and Homer Kahrs, of Fulton, three nieces, Mrs. Mason Riley and Mrs. Hazel Farris, both of Sedalia, and Mrs. Gladys Palmer of Lee's Summit.

She was an active member of the Smithton Methodist church. Funeral services will be held at 2:30 o'clock this afternoon at the Smithton Methodist church with the Rev. E. F. Dillon, pastor, to officiate.

The body is at the Neumeyer funeral home in Smithton.

Funeral of Mrs. Gertrude Blue

Mrs. Gertrude Blue, 92 years of age, widow of J. J. Blue, died at her home Friday morning, 1503 East Seventh street, at which address she had resided 60 years.

Mrs. Blue was born at Ft. Jarvis, N. Y., January 16, 1857 and came to Missouri when she married J. J. Blue in 1873 at Richmond. Mrs. Blue survived her husband by 18 years.

She is survived by one son, John M. Blue, who resides at the Seventh street address, three grandsons, J. Duncan and Lt. Colonel James M. Blue of Sedalia and William Blue of Pueblo, Colo., and three great grandchildren.

Funeral services will be conducted at 2:00 o'clock Monday afternoon at the McLaughlin funeral chapel. Rev. Ralph E. Hurd will officiate.

Palbearers will be: G. D. Bailey, F. G. Knerl, Carl F. Urban, R. R. Ramlow, R. B. Corson and Ernest Liebel.

Interment will be in the Memorial Park cemetery.

Mrs. Church Service

Funeral services for Mrs. Sallie Church, who died at her home in Lee's Summit at 12:15 Saturday afternoon, will be held at the Dresden Methodist church at 1:00 o'clock Tuesday afternoon.

Mrs. Church was preceded in death by her husband E. G. Church, who was long a resident of Dresden.

Susan B. Aldrege Service

Funeral services will be held Monday morning, September 5, at 10:00 o'clock at McLaughlin funeral chapel for Susan Belle Aldrege, who died at Overland, Mo., at 8:00 o'clock Friday night, with Rev. W. P. Arnold officiating. The body will arrive in Sedalia Saturday and will be taken to McLaughlin funeral chapel.

Mrs. Aldrege was the widow of Isaac Aldrege who preceded her in death.

Burial will be in Miller chapel cemetery.

Mrs. James Yates

Mrs. Emma Ruth Yates, of 712 East Third street, died at the Bothwell hospital Friday night.

She was born in Fayette, Mo., and in 1924 was married to James Yates who survives. They had lived in Sedalia all their married life.

Funeral services will be held at the McLaughlin funeral chapel at 2:00 o'clock Tuesday afternoon conducted by the Rev. W. P. Arnold, pastor of the East Sedalia Baptist church.

Palbearers will be: Ernest Leibel, Herman Dick, Paul Gantner, C. L. Norman, Howard Donath and Herbert Bohn.

Leadership Is Risked by Union Bosses

Rivalries By the Three Chiefs In Their Struggles

WASHINGTON, Sep. 3.—(P)—Three of the nation's most resourceful labor leaders face major struggles for survival this Labor Day.

John L. Lewis, Philip Murray and Walter P. Reuther have risked their leadership over a fourth round of post-war wage increases and welfare-pension demands for millions of workers.

Seldom since the first Labor Day parade in 1882 has there been such a challenge to industry across the bargaining table, affecting so many workers.

Personal rivalries between the three big union chiefs play a part in the struggles.

Murray, as head of the Congress of Industrial Organization (CIO) and leader of up to a million steelworkers, is most on the spot. He forced his dispute with employers into the White House, and President Truman appointed a fact-finding board to recommend a solution.

Regardless of the board's proposed settlement of Murray's 30-cent "package" demand, the big and little steel companies under contract with the steelworkers have indicated they may—and probably will—fight it.

That makes Murray's position the most precarious. Both Lewis, head of the independent United Mineworkers, and Reuther, who leads nearly a million workers of the CIO United Autoworkers, have nudged their contract negotiations during the past the early September deadline for the steel board's report.

Welfare and Pensions

Only Murray knows how big a part his break with Lewis plays in his insistence on a 12½-cent hourly pay increase and a pension and group hospital plan for steelworkers. Lewis has had a welfare and pension plan since 1946, when the government seized strikebound mines and made the Krug-Lewis agreement for their operation.

Murray, stuck with long-term contracts, has had his hands tied but would like to force the steel industry to set up a liberal pension and hospital plan now.

Reuther is in much the same position. A very vocal rank and file in the auto plants keeps the youthful, red-haired Reuther on his toes. If Lewis and Murray get too far ahead on the so-called welfare issues, Reuther's generalship may be severely attacked.

Much of the zeal of pensions and hospital programs can be traced to Lewis "the innovator."

Shaggy-haired Lewis first asked for a welfare royalty in 1945, but the war was still raging and he withdrew his demand. After V-J Day, he went after it in earnest. After a 59-day strike, he and Secretary of the Interior J. A. Krug agreed upon a five-cent royalty on each ton of coal for a welfare and disability program.

By direct negotiation with the operations, he has built this up to 20 cents a ton or about \$100,000,000 a year. This summer he has indicated he'd like to double that.

As part of his strategy this year, Lewis put hard and soft coal miners east of the Mississippi river on a three-day work week. By so doing he kept the welfare payments coming in without too much loss and gave the miners a summer of at least partial employment.

Because of market conditions, the miners were working only two to four or five days anyway.

In delaying a contract showdown with the operators until after Murray has his, Lewis indi-

cated again the resourcefulness which has made him the most controversial labor leader for a quarter century.

Diggers to Work

He discarded the miners' "no contract, no work" policy and announced the diggers would continue indefinitely to work under terms of the pact which expired June 30.

The three-day week, he said, would put the industry on a steady economic keel, stabilize prices and avoid a shutdown. It would also, incidentally, help eat up the reserve supply of mined coal which put him at a disadvantage in contract talks with the operators.

The three-day week and the welfare-pension program are only a couple of the innovations which Lewis has brought to the labor movement.

Thirty years ago he fought Samuel Gompers as head of the American Federation of Labor when as a husky young upstart he insisted on organizing workers by industries instead of crafts. He finally got enough support in the AFL in 1935 to establish a committee for industrial organization.

But that led to his ouster, along with his associates, and then the CIO became a rival labor federation.

Lewis and Murray, his long-time lieutenant, split over the latter's allegiance to President Franklin D. Roosevelt and other things. Murray went along as head of the CIO while Lewis pursued an independent role in 1946 Lewis tried another term with the AFL but soon locked horns with the leadership.

There again his strategy was bold. He wanted to ignore the Taft-Hartley act. Other AFL leaders couldn't agree, so Lewis went his lone way again. But he, more than any other labor chief, can be credited with keeping the labor law on the books untouched by the 81st Congress rather than accepting amendments unsatisfactory to labor and thus depriving labor of a real political issue in the 1950 Congressional campaign.

It will be interesting to see how Murray and Reuther emerge from their contract snarls.

But Lewis has taken an enormous bite this time in trying to dictate a shorter week without loss of pay and double his welfare royalty. It will be even more interesting to see how he fares.

Trivial Accident Attracts Crowd

A fence scrape, and then the sound of a siren on a police car traveling down Ohio avenue, caused a large aggregation to gather around a couple of cars, which figured in a light collision on the east side of Ohio avenue in the 200 block, Saturday night, shortly before 8:00 o'clock.

E. J. Bailey of Knob Noster was backing a 1934 Plymouth to the curb, when in collision with a 1936 Plymouth sedan, driven north on Ohio avenue by Paul Baker of Ottumwa. The right front fender of the 1936 Plymouth sedan was the only damage arising from the collision.

Both drivers agreed to the damage adjustment at the collision scene.

Roadster Was Afire

Fire believed to have started from burning leaves set fire to a 1929 model A Ford roadster in the 1300 block on South Grand avenue at noon Saturday. Slight damage resulted.

The car is owned by John Beaman, who told firemen he had just purchased it a short time before.

New Arrival Named

The infant son of Mr. and Mrs. Don Schuerman, 1408 South Kentucky avenue, has been named Michael Kentworth Schuerman. Mrs. Schuerman was formerly Miss Katherine Wehmeyer, and is the daughter of W. F. Wehmeyer.

Personals

Mr. and Mrs. A. A. Ferguson, 1600 West Seventh street, have returned home from St. Louis where they spent from Wednesday to Friday and attended the opera, "Song of Norway."

Pvt. Rex W. Hutchings arrived home Saturday morning from Ft. Bliss, Tex., for a three-week furlough with his parents, Mr. and Mrs. R. V. Hutchings of 1200 South Monticau avenue.

Harry J. McNamara, Jr., and Miss Dorothy Ludwig, of Kansas City, are spending the week-end with his grandmother, Mrs. Isabel McNamara, of 824 West Sixth street.

Dr. and Mrs. D. P. Ryer, 524 South Grand avenue, have as their guests, their daughter and family, Mr. and Mrs. E. H. McQuiddy, and daughters, Patricia and Merry, of Evanston, Ill. They left for Fulton Saturday to spend the week-end with Mrs. McQuiddy's sister and family, Mr. and Mrs. Jack Atkinson before returning to their home Sunday.

Miss Viola Rodgers, of Kansas City, and sister, Miss Ernestine Rodgers of 2001 East Tenth street, have returned from Indianapolis, Ind., where they made a week's visit.

Overtime Parkers Forfeit Bonds

Fifteen overtime parking bonds of a dollar each were forfeited in police court Saturday morning.

Judge Harry O. Berry ordered Leo Lewis to serve 10 days in the city jail on a peace disturbance charge.

R. H. Frerking, 400 South Kentucky avenue, and A. P. Sands, 519 West Fourth street, were dismissed of careless and reckless driving charges in court Saturday.

The two drivers posted \$25 bonds for their appearance in court following a collision at the intersection of Main street and Kentucky avenue, Friday evening about 6:00 o'clock.

A 1947 Crosley, driven by Frerking, and a 1937 Dodge coupe, driven by Sands received left front fender damages. Mrs. Henry Help, who was riding in the Frerking car suffered slight injuries and bruises over her eye.

Autos in Collision On Friday Night

A collision occurred on East highway 50, just outside of the city limits, Friday night about 8:00 o'clock. The highway patrol made an investigation, and reported no injuries, but estimated the automobile damage at \$125.

Rolls Lopp, 1421 West Third street, driving a 1949 Buick sedan, and Bert White, 1601 East Eleventh street, driving a 1941 Chevrolet, were both traveling west when the accident occurred.

The highway patrol released the Buick to Mr. Lopp and the Chevrolet to Mrs. White.

Railroad Tracks Death Playgrounds

HOUSTON, Sept. 3.—(P)—It was a lot of fun for Johnny Plaza, 3, to play on the railroad tracks with his tricycle. He and his black-and-white terrier dog were there every day.

He was just 100 feet in front of a moving eastbound Rock Island freight train when Engineer W. B. Phillips spotted him today. Phillips blew his whistle, clanged his bell, applied his brakes. It was too late.

"I told him to get off the tracks," said a pal, David Leach, as Johnny's body was carried away. "He wouldn't listen to me."

Miss Bess Be Organist

Miss Eleanor Bess, daughter of Mr. and Mrs. B. B. Bess, 1115 West Third street, who is a student at Missouri Valley college in Marshall, will be the organist at the First Baptist church in that city.

Sedalia to be In the Royal Queen Contest

Tentative Plans For it at Fox Theatre Sept. 28

Sedalia has been invited to participate again this year in the "American Royal Queen Candidate Contest" as a preliminary to the selection of the Queen of the American Royal Live Stock and Horse Show held annually in Kansas City and scheduled this year for October 15-22. Sponsored by the Sedalia Chamber of Commerce, the local contest will be held at the Fox Theatre. Tentative plans call for the staging of the contest Wednesday night, September 28.

The local winning contestant will receive a four-day trip to Kansas City as guests of the American Royal, and, together with her chaperon, will participate in the many luncheons, banquets, parades and the American Royal Coronation ball.

Out-of-Town Judging. Judging of the local contest will be conducted by capable, impartial out-of-town people and will be based on charm, personality, style and accomplishments. All eligible aspirants to the Sedalia "Queen of the American Royal Candidate" contest in the Sedalia trade territory are urged to apply for nomination through the Chamber of Commerce office.

Qualifications are as follows: All candidates must be single women not previously married. Each must be 18 years of age and not more than 25 years of age.

Sedalia's queen candidate the American Royal last year was Mrs. Ellis Moore (the former Miss Virginia Biery) and in 1946 Sedalia was represented by Mrs. Keith Kreiser (the former Miss Elaine Carleton.)

Discussion by Underwriters

Saturday at a meeting of Life Underwriters Association, of the Sedalia district, at the Bothwell hotel, problems of the sole proprietor were brought to light through a panel discussion led by George Yeaman and assisted by Marvin Elsea and Abe Silverman.

In the discussion it was stressed that no person is so in need of intelligent Life Insurance as is the sole proprietor. The vital fact that his personal and business affairs are inextricably intertwined makes it, in the great majority of cases, imperative that both his personal and business estates be carefully buttressed with Life Insurance.

Mr. Guy Peabody, public accountant related that he has averaged several cases a year in which a sole proprietorship could have remained intact for the heirs and employees if they had availed themselves of business and underwriting.

Another phase of business life insurance will be discussed at the next meeting.

Choral Club to Meet on Tuesday Night

The Sedalia Men's Choral club will hold its first meeting of the year at the home of Z. Lyle Brown, 819 West Fourth street, at 7:30 o'clock Tuesday night. This meeting will consist of an election of officers and rehearsal. Wives families and sweethearts of the members will be special guests.

Non-Partisan Staff Retained

Research Director Not To Be Chosen On Political Basis

JEFFERSON CITY, Sept. 3 — (P)—A move to put Missouri's legislative research staff on a political basis was defeated by the legislative research committee Friday.

Rep. Tom A. Shockley (D) of Pulaski county could muster only five Democratic votes for his plan to have the staff director chosen from the majority Democratic party and the rest of the staff on a bipartisan basis.

Fourteen Democrats and Republicans ganged up against him. All but one of the ten Senate members of the 20-member committee voted against Shockley. The exception was Sen. Michael Kinney (D) of St. Louis.

The vote—and the sharp debate that led up to it—brought into the open a long standing row between Senate and House leadership. Both houses are controlled by Democrats but they have split on several policies.

Sen. Edward V. Long (D) of Bowling Green, Democratic floor leader in the Senate, put the conflict into words. He said he thought the backers of Shockley's plan wanted to destroy the legislative research committee.

He noted that Speaker Roy Hamlin (D) of Marion county has not referred to committee a bill passed months ago by the Senate setting up machinery for revising Missouri laws.

"The officers of the House have been so presumptuous as to hold that bill," he said.

"It has been rumored that the entire revision program would be delayed until we fired Bill Nelson (the present legislative research director, a Republican.) x x x
"I consider that a direct slap to the Senate."

Mine Operators In A Switch Around

WASHINGTON, Sept. 3 — (P)—John L. Lewis' United Mine Workers used to tell the operators: "No contract no work." Now operators are saying: "No contract, no royalty payments." The royalty payments—20 cents on every ton of coal mined—go to finance welfare benefits and retirement payments for the miners. About \$100,000,000 a year is passing into and out of the fund.

John C. Gall, attorney for the Southern Coal Producers Association disclosed that a "substantial number" of coal mine operators did not make the payments which normally fell due August 20. Other operators' representatives confirmed that many companies were withholding the payments, but they declined to estimate the extent of the movement.

Quick Thinking Pilot Saves Many

CHICAGO, Sept. 23 — (P)—The pilot of a chartered airliner saved his 28 passengers from possible injury at Municipal Airport Friday after the brakes on his twin engine DC-3 failed.

John Urnezis, 31, of Kansas City, Mo., raced one of the plane's engines when he discovered the brakes were not functioning. This swung the craft away from the airport's old administration building.

About 50 persons were in the building. Airport officials said many of them could have been injured had the plane struck the building.

The DC-3 had just landed and was taxiing across the field when the brake failure was discovered. Its cause had not been determined. A Civil Aeronautics Administration inspector said the plane had its annual inspection Aug. 26 and had been approved for flying.

The plane belongs to Trans-America Airlines of Burbank, Calif., which operates chartered flights. It was en route from Burbank to Detroit, Mich.

Other crew members were co-pilot Frank Goodson, Butler, Mo., and Miss Marjorie Wilkins of Kansas City the stewardess.

in Jefferson City until the time of her marriage.

Mr. Frank attended the Wardsville school in Wardsville, Mo., and served four years in the

United States Army. He is now employed by the VitaGas Company in Sedalia. He had been employed by the VitaGas Company in Jefferson City for some time before coming to Sedalia.

THE business meeting of the Beta Sigma Phi sorority will be held at the home of Mildred Edwards, 530½ East Fifth street, on Monday night, September 3, at 8:00 o'clock.

Miss Frances Wright, daughter of Mr. Thomas Wright of Fayette, became the bride of Mr. Rudolph T. Rouchka, son of Mr. Joseph F. Rouchka, 1600 East Broadway, at 10:00 o'clock Saturday morning, August 20 at the St. Patrick's rectory. The Rev. J. T. Nolan read the double ring ceremony.

The bride chose for her wedding a street length dress of smoke blue satin. Her accessories were navy blue and her corsage was a white orchid.

Mrs. James J. Kane, of Kansas City was maid of honor. She wore a bronze satin dress with cocoa accessories and a corsage of yellow roses.

Mr. James J. Kane of Kansas City served as best man.

Following the ceremony a wedding breakfast was held at the Miller's Cafe.

In the afternoon a reception was held at the home of the bride's aunt and uncle, Mr. and Mrs. Vernon Wharton of 1021 South Harrison avenue for relatives and friends.

Mrs. Hubert Smith cut the cake and Mrs. Ann Browne, sister of the bridegroom presided over the punch bowl. Mrs. Harry L. Farris and Miss Agnes V. Rouchka, twin sisters of the bridegroom served.

Mrs. Jack Lobaugh, sister of the bride, presided over the guest book. They wore corsages of white gladioli.

On the dining room table were lighted tapers which surrounded the three-tiered cake at one end and the punch bowl at the other end. Over the table was string smilax with yellow roses.

The couple left for a short wedding trip in Tulsa, Okla. They are now at home at 408 South Massachusetts avenue.

Mrs. Rouchka was born in Howard county. She attended grade school in Sedalia and graduated from the Fayette high school. She is employed at the J. A. Lamy Manufacturing company.

Mr. Rouchka was graduated from the Smith Cotton high school. He served in the army three years, two years being served overseas. Since his discharge he has been employed by the J. A. Lamy Manufacturing company as a cutter.

Out of town guests who attended the reception were the bride's father, Mr. Thomas Wright of Fayette; Mr. and Mrs. Clyde Lessley also of Fayette; Mr. and Mrs. Leo Painter and Mr. and Mrs. Joe Fenaia of St. Louis; Mr. and Mrs. James J. Kane, Mr. and Mrs. Robert Fowler, Mr. Marvin B. Odle, and Miss Louise Petty all of Kansas City.

THE Birthday Club gave a party Tuesday at the Sedalia Country Club in honor of Mr. Howard Roberts, 1313 West Broadway, celebrating her birthday anniversary.

In a morning candlelight service, August 27, in the Brush Creek Baptist church at Gray Summit, Miss Frances Irene Wear, daughter of Mr. and Mrs. John M. Wear, became the bride of Robert J. McDermott, son of Mr. and Mrs. J. J. McDermott of Pacific.

Preceding the service, several piano numbers were played by Miss Shirley Perdew, and Mrs. D. C. Hughes sang "Always."

The bride, who was given in marriage by her father, wore a gown of white satin, fashioned with a long fitted bodice buttoned down the back, the neckline trimmed with seed pearls, and long fitted sleeves coming to a point over the hand. The full gathered skirt ended in a short train. The fingertip illusion veil fell from a tiara covered with seed pearls, and she carried a bridal bouquet centered with an orchid.

Mrs. Laura Frisch was her sister's matron of honor, and her blue taffeta dress had a full gathered skirt, with a bustle back trimming on a fitted bodice with drop shoulder sleeves. A double fold of the same material framed the neckline.

The bridesmaid, Miss Shirley Rhoads, friend of the bride, wore a fuchsia gown. The off shoulder effect was made of self-material, and a bow trimmed the front of the fitted bodice.

Both the matron of honor and the bridesmaid carried identical bouquets of white gladioli trimmed with ribbons to match their dresses.

The candle lighters, Miss Virginia Kasel and Miss Margaret Lenz, wore floor length dresses of blue and rose.

Rev. D. C. Hughes read the double ring ceremony before an altar setting of palms, ferns, candelabra and gladioli.

The bride's mother wore a black crepe dress with black accessories and a corsage of pink rosebuds. The bridegroom's mother wore a navy faille dress with black accessories and her corsage was pink rosebuds.

Mr. Alvin Frisch of Pacific served as best man, and Mr. Melvin Hoppe of Villa Ridge was groomsmen. Ushers were Mr. Glenn Froning and Mr. Paul Nadler.

Following the ceremony at the church a reception was held at the home of the bride's parents for relatives and a few friends. A three-tier wedding cake, encircled by gladioli and fern formed the table centerpiece.

After the reception, the couple left for a wedding trip to Hot Springs, Ark. The bride's going away costume was a royal blue dress with red accessories.

The couple will make their home with the bridegroom's parents, Mr. and Mrs. J. J. McDermott, of Pacific. Mr. Robert McDermott is employed at the Purina Research Farm at Gray Summit.

Those attending the wedding and reception from a distance were: Mr. and Mrs. John Harmon, Mr. and Mrs. Charles Brooker and son, all of Granite City, Ill.; Mr. and Mrs. Henry Begeman, Herman, Mr. John H. Wear, Green

Ridge, Mrs. C. Donzelot and family, St. Louis, Mr. and Mrs. Willis Herr and son, St. Louis.

Mr. and Mrs. Van D. Lynch, of St. Joseph, announce the marriage of Mrs. Lynch's daughter, Mary Elizabeth Hazel, to Mr. Raymond Henry Jones of Chicago, Ill., on July 22 at the Grand Avenue Methodist Temple in Kansas City. The simple ring ceremony was read at 6:30 o'clock in the evening with the Rev. Phillip Bohi officiating. Mr. and Mrs. James Hazel attended the couple.

Mrs. Jones is a former Sedalian having graduated from the Smith-Cotton high school with the class of 1939. For the past several years she has made her home in Kansas City where she now owns and operates a physio-therapy studio in the downtown area.

Mr. Jones, a native of Edinburgh, Scotland, became a naturalized citizen during the last war, serving with the army air corps. He received his education in Vancouver, B. C., and Seattle. He now manages and participates in an act, "The Monocled Ambassadors," which has been an outstanding duo in vaudeville circuits for the past several years.

At the present time the couple will make their home at 3419 East Twenty-fourth street, Kansas City.

Miss Waneta Coester, formerly of Stover, became the bride of Mr. Joseph Charles Miranda on August 20, with the ceremony read at 4:00 o'clock that afternoon at the Emmanuel Lutheran church of New York City. Rev. George

Mrs. Kenneth Zink, Miss Maxine Hatfield and Miss Delores Hanigan the honoree.

Mrs. James Durely and Mrs. Kenneth Leslie sent gifts but were unable to attend.

A reception at the home followed the ceremony. The silver trimmed three tiered wedding cake was encircled with sweet peas and topped by a miniature bride and bridegroom. A bridal luncheon was served after the wedding cake was cut by the bride and bridegroom.

Mr. and Mrs. Tevis are spending their honeymoon at the summer cottage of Mr. and Mrs. Hodgson on the Lake of the Ozarks.

The Williams reunion will be held at Liberty Park Sunday, September 11.

Mr. and Mrs. Melvin Sousley, who were married at the St. Paul's Lutheran church at Stover, Saturday morning, August 20. Mrs. Sousley was formerly Miss Ardella Harms, daughter of Mr. and Mrs. Ed Meyer, of Stover. Mr. Sousley is the son of Mr. and Mrs. Owen Sousley, of Florence. He is employed at the S. & S. Construction company. The couple will reside in Sedalia. (Photo by Lehmer Studio.)

Welmeyer was the officiating minister. The church was decorated with long-stemmed white roses. The bride wore a bouffant street length dress of deep blue taffeta, with a picture hat of tulle, and satin slippers in a matching shade. She carried a nosegay of orange blossoms and yellow tea roses.

The maid of honor, Miss Blinn McDowell, was dressed in grey chiffon, with lavender accessories, and wore an orchid corsage.

The attendant of the bridegroom was Mr. William Parrott of New York City.

Following a reception at the Roosevelt hotel, the bride and bridegroom left by plane for a wedding trip in Bermuda.

Upon their return they will be at home in the Peter Cooper hotel in New York City.

Mrs. Miranda is a daughter of Mr. and Mrs. John W. Coester of Stover. She has followed a designing career in New York for four years.

GEMS OF INTEREST AT SCOTT'S

Style Guide for today's woman

By Frances Sagaloff at Sage's

I want to remind you how very important foundation garments are for your new fall clothes. Each new season I tell you this same story, but particularly in the fall after a carefree summer, it is difficult to get back into a good girdle.

Before you purchase a new skirt, dress or suit, you should select your new girdle and bras and have them on when you have your things fitted. The girls with the small junior figures should also wear a lightweight girdle. The colors are so exciting and you can have bras and slips to match. You will find your carriage is much better—your figure will remain good as you grow older and incidentally your clothes will hold their shape much better.

FOR EVERY MOOD

In a candlelight service at the Slater Christian church Saturday night, August 20th, at 8:00 o'clock, the wedding of Miss Elizabeth Neale, daughter of Mr. and Mrs. Verne Neale, of Slater, and Mr. Wrayburn Carver, son of Mrs. Annabelle Carver, of Slater, was solemnized by the Reverend D. D. McAdams, pastor of the church, reading the impressive double ring ceremony.

Burning white tapers and Maline bows marked the aisle and the altar was decorated with an arrangement of white gladioli, white lilies and white carnations in tall baskets, potted ferns and four tall floor standards of seven branch candelabra provided a background of green and white for the occasion. While tapers burned in the window recesses of the church and on the organ.

Norman Jeter played a program of selected nuptial music and the traditional wedding marches and accompanied Miss Carmen Duvall, of Adrain, when she sang "Because" and "I Love Thee" preceding the ceremony and "The Lord's Prayer" at the close.

The bride, who was given in marriage by her father, wore a gown of white moire taffeta fashioned with a fitted bodice, a deep yoke and leg o'mutton sleeves pointed over the hands of valise lace, the full skirt lengthened into an aisle wide train. Her veil of nylon illusion was finger tip length and was held by a sweetheart halo trimmed in seed pearls. She wore a twisted strand of pearls, a gift of the bridegroom. She carried a white Bible topped with a purple orchid and stephanotis and white satin streamers. She also carried a handmade lace trimmed linen handkerchief.

The maid of honor was Miss Bonnie Brumback, cousin of the bride. She wore a daffodil yellow taffeta gown fashioned with fitted bodice low neckline effect outlined with a double ruffled bertha and a full skirt with elbow length mitts of the same material ruffled with a self colored net. Her head-dress was a shoulder length veil held with a simulated sweetheart halo in matching color. She carried a colonial nosegay of white carnations and yellow rose buds tied with orchid satin ribbon streamers and wore a strand of pearls.

Miss Agnes Neale, sister of the bride, served as junior bridesmaid and her gown and matching mitts were of orchid colored taffeta with a head dress of net matching color and fashioned in the same style as the maid of honor. She carried a miniature colonial nosegay of yellow rose buds tied with yellow satin ribbons. She wore a strand of pearls.

Miss Catherine Bossaller served as flower girl. She wore a pastel green taffeta gown made similar to the others. Her head dress and mitts were in matching color. She strewn rose petals from a white satin basket trimmed in yellow ruffles and yellow satin streamers.

The candles were lighted by Miss Bonnie Montgomery. Her gown was a rose colored taffeta and Miss Claudine Griffith, who wore a pastel blue taffeta. They each wore armlets of white carnations.

The bridegroom was attended by William Butler, of St. Louis, as best man.

The aisle carpet was laid by Larry Bossaller and Tommy Buhrkahl. Ushers were Kenneth Brumback, cousin of the bride, Elwood

Carver, brother of the bridegroom, Delbert Taylor and Archie Crabtree, of Kansas City.

A reception was held in the church dining room immediately following the wedding. Yellow and white color scheme was carried out in the dining room. A four-tiered wedding cake topped with a miniature bride and groom centered the lace covered table. At each end were double crystal candelabra with burning yellow tapers. Mrs. Clarence Brumback aunt of the bride, served the cake while Mrs. Bill Baker of Warrensburg served the punch. They were assisted by Miss Bonnie Montgomery, Miss Claudine Griffith, Miss Wanda Kinman and Mrs. Charles Taylor.

Miss Doris Martin had charge of the guest book.

During the reception piano selections were played by Miss Anne Neale of Syracuse, cousin of the bride.

Mrs. Neale, mother of the bride, wore a delft blue crepe dress with black accessories. Her corsage was of white carnations.

Mrs. Carver, mother of the bridegroom, wore a navy blue dress with blue accessories. Her corsage was of white carnations.

For going away the bride chose a black crepe dress with a yoke of lace over delicate pink with black and pink accessories. Her corsage was an orchid. The couple left following the reception for St. Louis and other points for a weeks' trip and will return to Warrensburg to complete their school.

The bride is a graduate of the 1948 class of Slater high school and entered Central Missouri State college in Warrensburg following her graduation, where she will continue her studies.

The bridegroom served one year in the navy following his graduation from the Slater high school. After his discharge from the navy he enrolled at Central Missouri State college, where he will continue his studies.

Mrs. Carver is a granddaughter of Mrs. Lillie Maples, 1203 South Osage avenue, and Mrs. Carrie Neale of Green Ridge. Those from Sedalia attending the wedding were Mrs. Lillie Maples, Cecil Maples, Miss Deloris Roberts and Mr. and Mrs. Charles Taylor and children.

Mr. and Mrs. Ralph Stewart and Mrs. Carrie Neale, of Green Ridge, Mr. and Mrs. Monroe Neale and daughter Anne of Syracuse.

Mrs. Golda Herrick, 1505 South Kentucky avenue, entertained members of the G.T.G. club Tuesday afternoon.

The meeting was presided over by Mrs. Herrick, after which the afternoon was spent in needle and handwork.

Mrs. W. O. Maness was welcomed back to the club after not being able to attend because of illness for several meetings.

Refreshments were served by the hostess in the late afternoon.

Beneath an ivy covered arch with a background of lighted tapers in tall standards and outer side single standards with one lighted candle, Miss Christine Baldwin, daughter of Mr. and Mrs. E. J. Baldwin of route 2, Sedalia, exchanged wedding vows with Mr. Albert Lee Crain, son of Mr. and Mrs. Elza A. Crain, of 3361 Jackson avenue, Memphis, Tenn., at 2:30 o'clock August 28 in the Assembly of God church. Rev. George Acree, pastor, read the double ring ceremony, before about 150 guests.

Miss Barbara Acree played a wedding march and accompanied Mrs. David Harbin, who sang, "I Love You Truly" and "Always."

The bride, who was given in marriage by her father, wore a white slipper satin gown with a marquisette yoke with rhinestone design. Her veil was attached to a coronet embroidered with seed pearls. Around her neck she wore a single strand of pearls and her flowers were of white gladioli.

The maid of honor, Mrs. Eugene Keele, sister of the bride, wore an orchid gown with a pink bouquet of gladioli.

Mrs. Glenn Doyle and Miss Laura Baldwin, sisters of the bride, who served as bridesmaids, wore pink gowns and carried bouquets of white and orchid gladioli.

Candlelighters were Dorothy and Helen Baldwin and wore orchid gowns.

Mr. Robert Crain, of Memphis, Tenn., brother of the bridegroom, served as best man. Glenn Doyle,

Garden Club Luncheon Held Friday

A luncheon was given Friday afternoon at the Old Missouri Missouri Homestead by the Council of Sedalia Garden Clubs, at which

brother-in-law of the bride, and Harry Baldwin, brother of the bride, were ushers.

Linda Strupe, in a pink taffeta gown, served as flower girl and Paul Wayne Adams was ring bearer.

The bride's mother was attired in a navy blue dress with white accessories and wore a corsage of white carnations.

Following the ceremony a reception was held on the lawn at the home of the Rev. George Acree with about 40 guests present. A table was centered with a large wedding cake topped with a miniature bride and groom was served by Mrs. George Acree and Mrs. Paul Bellah, with ice cream in the shape of a wedding bell and punch.

The couple left for Memphis, Tenn., on their wedding trip and will be at home September 5, at Hot Springs, Ark.

Mrs. Crain was graduated from the Smith Cotton high school with the class of 1948, and has been employed at the Puckett's Cafe in Sedalia.

Mr. Crain has attended the Southwestern Bible School Institute in Waxahachie, Tex., and is now a student at the South Central Bible Institute at Hot Springs, Ark.

Miss Emma Lou Wilken, daughter of Mr. and Mrs. Carl Wilken of Sedalia route 1, and Roy Meier, Jr., son of Mr. and Mrs. Roy Meier, Sr., of Spring Fork, were married at 1:00 o'clock Sunday afternoon at the home of the Rev. H. U. Campbell, pastor of the Fifth Street Methodist church, Sedalia, who read the double ring ceremony.

Miss Wilken chose for her wedding a white sharkskin suit with which she wore navy blue accessories and a corsage of pink roses and tuberoses.

Miss Frederickson, the bride's only attendant, wore a blue street length dress with white accessories and a corsage of yellow roses and tuberoses.

Mr. Tommy Coffman, of Spring Fork, served as best man.

Mrs. Meir, mother of the bridegroom, wore a pink and grey print bembert dress and a corsage of white gladioli and tuberoses.

Immediately after the ceremony a reception was held at the home of the bridegroom's parents, near Spring Fork. The home was attractively decorated with garden flowers. The dining table was covered with a lace table cloth centered with a three tier wedding cake, mounted with a miniature bride and bridegroom. Approximately 150 guests were present. The couple received many useful gifts.

Mr. and Mrs. Meier left immediately after the reception for a week's trip through Southern Missouri. For traveling the bride wore a navy blue and white dress with navy accessories and a corsage of pink rosebuds.

Both the bride and groom are graduates of the Cole Camp high school. The bride is now employed in the office of the Zephyr Manufacturing company. The bridegroom is employed at the R.E.A.

Following the trip the couple will make their home in Sedalia.

B-J Chiefs Place Four On All-Stars

Moberly Champions Meet League's Best Tonight at 8:00

The Sedalia Ban Johnson Chiefs although they didn't win the Central Missouri B.J. championship, did place four men on the All-Star team to play at Moberly tonight. Also, Walter Jessee, the manager of the Chiefs, 1948 League Champions, was chosen to manage the team in tonight's game.

Those who are to play with the All-Stars are Joe Imhauser, pitcher; Carl Barbour, catcher; Ralph Waters, first baseman, and Robert Dillard, outfielder. The first three were named on the official All-Star first team, and Dillard was elected to the second team.

Miners Undisputed Champions
The game tonight starts at 8:00 o'clock under the lights of the Moberly ball park. The Moberly Miners were the undisputed champions of the league this year, winning both the first and second half schedules. The Chiefs were challenging the honor up to the last game of the second half of the season when both Moberly and Sedalia went into the contest with only one loss. The Chiefs lost the game and Moberly won all honors.

Manager Jessee announced Saturday his starting lineup against Moberly as:

Kurtz, second base; Boeger, shortstop; Cochran, third base; Eastham, center field; Waters, first base; Dillard, left field; Shepherd, right field; Barbour, catcher; and Imhauser, pitcher.

Others To Play

Players who are named to play as All-Stars tonight are: first base, Ralph Waters, Sedalia, and William Ferguson, Jefferson City; second base, Jeriel Kurtz, Columbia, and John Viertel, Booneville; shortstop, Ross Boeger, Jefferson City, and William Waddington, Mexico; third base, Mitchell Cochran, Booneville, and Lawrence Woods, Columbia; outfielders: Robert Dillard, Sedalia, William McDermott, and Lonnie Eastham, Jefferson City; James Shepherd, Mexico, Ralph Jacobs, Columbia, John Spriggs, Booneville, catchers, Carl Barbour, Sedalia, Robert Murray, Columbia, Preston Shepherd, Mexico; pitchers: Joe Imhauser, Sedalia; John Willingham, Columbia; Charles Newton, Mexico, and Allen Delany, Chillicothe.

Manager: Walter Jessee, Sedalia (1948 winner). Coaches, Elmer Willingham, Columbia; Lyburn Mann, Booneville, and Lloyd Machholz, Chillicothe.

The Sedalia players, accompanied by a number of Sedalia fans, will leave early this afternoon for Moberly to attend the game. They will leave from the Cal Rodgers station, fifth street and Osage avenue.

Midget Race Competition

KANSAS CITY, Sept. 3.—(Special)—Midget auto racers of the Missouri-Kansas-Oklahoma-Texas area enter their final session of competition tonight at Olympic Stadium to decide the top thirty drivers to qualify for the three-day Mid-West Classics beginning September 11th.

The thirty highest drivers rated in the point standings bracket will be allowed to compete against two visiting drivers in the 50-lap opener. The visiting aggregation will be stepped up each weekend for the 75 and 100-lap classics.

It is apparent that Vito Calia, of Kansas City, and Bud Hemphill, of Pryor, Okla., will be battling right up to the final flag for the championship honors. But moving into the final picture is Ben Harleman, of Kansas City.

Harleman won his second straight 25-lap classic last Sunday night to boost him in the standings where he is making it uncomfortable for Cecil Green, of Houston, and Bob Slater, also of Kansas City.

Time trials start at 6 p. m. and heat races at 7 o'clock. Starting time will be stepped up to 4 p. m. beginning September 11th.

Labor Day Leaders May Make Series

NEW YORK, Sept. 3.—(AP)—If the past ten years are any criterion, National and American League teams in first place on Labor Day will clash in the world series.

Since 1939, 75 per cent of the teams leading the National and American leagues in the first Monday in September, have gone on to win the pennant.

The five teams who paced their leagues on Labor Day in the past decade and failed to wind up in the series were the 1940 Cleveland Indians, 1941 St. Louis Cardinals, 1942 Brooklyn Dodgers, 1944 New York Yankees and 1948 Boston Red Sox.

Wentworth Has 56 Grid Hopfuls

LEXINGTON, Mo., Sept. 3.—(Special)—Fifty-six prospective gridmen are working out at Wentworth Military academy's football camp. Capt. Karl Berninger, athletic director, said today.

The gridmen have been working out in shorts and T-shirts the early part of the week. This Friday they will draw football togs and they will commence a more intensified training program.

Capt. John Radecker, the school's college coach, has indicated that the Red Dragons will be much stronger this year, particularly in the line. Radecker is cheerful because he did not lose too many men by graduation last spring, and again because many of the new men seeking berths are much heavier than were his candidates a year ago.

After studying his material and evaluating the experience of the squad's newcomers, Radecker has decided to shift from his variation of the "T" to the short punt and the "A" formation.

In the high school department, Capt. Dick Nines will again use the T and box formations. He sees a tough season ahead and claims much hard work is necessary to prepare his squad for this year's encounters.

Approximately twenty more candidates are expected to swell the ranks of gridmen working out in Wentworth's football camp, this week.

but he was never really extended to the extent that Ted was. The scores were 4-6, 6-1, 6-3, 2-6, 6-1.

S-C Tigers Prospects Look Good

Fine Spirit Shown By Squad in Three Days of Stiff Drills

Smith-Cotton Tigers, Central Missouri Conference champions of 1948, headed into their third practice session for 1949 Saturday. It was a full day of work for the prospective football stars of the high school, starting early in the morning and ending up the drills late in the afternoon.

A Little of Everything
The morning menu consisted of passing practice and running while the afternoon was devoted to calisthenics, blocking and scrimmage, along with sled sliding. The season's first "skull" practice was held during the afternoon period.

Although only three days have passed since grid drills started, the Tigers are showing much advancement. The squad as a whole appears to be getting into better shape in the shortness of time than in the past several seasons.

Coach Ralph "Stub" Dow, in referring to the practice sessions, said Saturday night: "The boys are showing fine form and seem to advance steadily." If the Tigers continue their fine spirit and cooperation, if they work as hard

in the next few weeks as they have in the past three days, and as hard as they have said they intend to do, we will have another great team, and the observations of those who have doubted the strength of the Tigers will be unfounded.

Kemper Getting Ready
Meanwhile as Coach Dow works with his squad, the opponents for the second game, Kemper Military school are being given rigid grid outs by their coach, Capt. John V. Hays. Sixty grid candidates came out for Kemper and they are expected to be one of the leading schools of the Conference, and well ready to be a worthy match for Smith-Cotton when September 23 rolls around.

The Kemperites expect to chop down the number of playing boys to thirty, and aided by the strict discipline of a military school and the returning of five lettermen, Kemper hopes to be one of the chief contenders for the Conference title.

Bowling Lanes Are Now Open

The Sedalia Bowling Lanes, 212 East Second street, opened its doors to Sedalia bowlers for the third consecutive year, September 1. The bowling alley will be open until June 1.

It has been open bowling since the opening, but starting Tuesday, the Women's League will begin, and on Wednesday, the Men's League will open. Harry Gudmundson, operator of the Sedalia Bowling Lanes, said there was still an opening for a six team league Wednesday night at 9:00 o'clock.

According to Mr. Gudmundson, the alleys have all been re-surfaced. The bowling alley is equipped with only "10 pins" this year. Arbo Tire Company was the team which won the city championship tourney.

Country Club Championship Finals Today

Patterson and Tawse To Battle it out in Championship Flight

Charlie Patterson and Alan Tawse will meet today in the championship flight of the Sedalia Country Club golf tournament which ends today on the local course. Tawse jumped into a solid lead in the semi-final playoff, Saturday, to beat Jimmy Darr for the chance to become one of the finalists.

Today's meeting will be a 36-hole match starting early this morning, playing eighteen holes and then eighteen holes this afternoon.

Darr came back strong in the Saturday afternoon match against Tawse after getting off to a bad start, losing three of the first four holes played. The match finally ended with Tawse the winner 3-1. Tawse fired an opening round of 37 to lead 5 up at the first turn, and repeated a 37 to lead 6 up at the end of 18 holes.

Darr Has a Sub-par 35

Darr opened the afternoon round with a sub-par 35, gathering in three birdies and reducing Tawse's margin to 2 up. Darr picked up another birdie on the 314 yard second hole and then drew up even with a win on the long par 4 number three hole. Then for the first time in the match Darr went ahead by winning the fourth, after Tawse's drive-caught the rough. Darr then drove out of bounds on 5 and Tawse's par was good for a win to even the match again.

Then Tawse dropped a 20-foot putt for a birdie 2 on the tough 179-yard par 3 sixth hole. He repeated with another duce on the short 7th to go 2 up. Tawse's 4 on the 35th hole closed out the match when Darr was in trouble with his tee shot.

Good Golf For Both

Both Tawse and Patterson have been called on for some good golf in reaching the finals and a close hard fought match is expected. Winners will be determined in all other flights by an 18 hole match today. These include Vic Scott vs. Pete Lamy in the Class A, Arthur Scott vs. Harold Dean in the Class B, Dick Ware vs. Danny Van Dyne in the special and Bob Sherman vs. Gentry Patterson play for the championship consolation prize.

Trophies will be awarded to winners tonight at a barbecue dinner to be held at the club house.

Monday, the annual Labor Day handicap tourney will be played. Ten prizes will be offered by local merchants to be awarded the winners. This tourney is open to all members and a large turnout is anticipated.

Scores may be turned in today as well as Labor Day. All players should register with the caddy-master before playing.

Softball Results In Tournament

SPRINGFIELD, Mo. Sept. 3.—(P)—The upset defeat of the Springfield Tractors marked winners' bracket play in the men's state softball tournament tonight, Madison's All-Stars blanked the Tractors, 3-0, on the three-hit pitching of Rex Francis.

A three run rally in the top of the ninth innings accounted for the victory over the defending state champions.

Other quarter-finalists in the winners' bracket were decided in games earlier today.

In the upper bracket Cape Girardeau advanced on a forfeit from Kirksville after beating Harrisonville 1-0. St. Joseph Davies won 5-3 over Rockingham, and Joplin Fearless defeated Maryville, 3-0.

In the lower bracket Jefferson City defeated Maitland 7-1; Ava won two 1-0 games—over New Hamburg in 13 innings, and over Joplin Knights of Columbus; St. Joseph Goetz downed Lebanon 6-1.

In the losers' bracket Senath eliminated Sweet Springs 5-1, and Cabool ousted Harrisonville 7-6.

Three fields were used today. The tournament will continue through Monday.

The Sedalia Merchants, participating in the tourney, dropped their first game Friday night to the Springfield Bells, runner-up team of the Springfield district, by a 1-0 score. Sedalia got only two hits.

Sport Scraps

By D. KELLY SCRUTON

MORE honors were brought to Sedalia, the past week, this time by the Sedalia Chiefs' baseball team, when three players were chosen for the first All-Star team, and one player earned a berth on the second All-Star team of the Central Missouri Ban Johnson league. These honors go along with those brought home by the Junior American League ball club which won the regional championship, and the Sedalia Merchants softball team which won its regional tournament.

Named to the first team were Joe Imhauser, who was one of the outstanding pitchers of the league, but who, not through his own fault, had some tough games go the other way. Then came Ralph Waters, who started at first base, and William Carl Barbour, who shined as a catcher. Robert "Bob" Dillard made the second squad in the outfield position.

Walter Jessee, who successfully piloted the Chiefs to the 1948 league championship, was named as the coach to manage the Ban Johnson All-Stars in a game with the 1949 league champions, Moberly Minors. Jessee, although he took to the sidelines this season, was always with the Chiefs and helping them along. The All-Stars will be well managed in tonight's affair at Moberly.

CHECKING over the work of the Smith-Cotton Tigers for the first three days of the 1949 practice season, Coach Ralph "Stub" Dow has smiles on his face, and we learn it is all because he is meeting with fine spirit in the boys, excellent cooperation and a determination of the boys to learn the game early.

If information we receive is correct, Smith-Cotton will shine in the 1949 grid season. There are many rough spots to be ironed out, and the other teams in the Conference have many more lettermen back who are on their toes.

However, the theme song this season in the Conference on the part of the other teams will be "Beat Smith-Cotton," while on the other hand, it will take more than words and a song to get it done.

A lot of people are wondering about the Pro-Amateur golf tournament which is to be held in Sedalia on Monday, September 19, but it is actually something Sedalia sports lovers should be happy to get. It places Sedalia right along with other cities in sponsoring such tournaments which are gaining national publicity.

Jack Cunningham, somewhat of a newcomer to Sedalia, is greatly responsible for this effort, along with Paul Maxwell, likewise a resident of Sedalia of not too long a time. Both have been very active in endeavoring to make the Sedalia Athletic Association a success. The first venture of the Association wasn't quite so successful, but it was not because they didn't try. It was baseball.

However, they have the determination to see that a program is carried out, and the September event so far seems to be one which can't miss. They have other athletic activities on the schedule and by next year, I am sure, when baseball rolls around, the bumps will be ironed out.

MU Practice, Other Big 7 Grid Activities

COLUMBIA, Mo., Sept. 3.—(P)—Another round of scrimmage toughened a lot of muscles on the University of Missouri grid squad today.

However, the conditioning had its drawbacks, producing four injuries that may prove costly.

Sent to the showers yesterday and today with leg injuries were Win Carter, veteran fullback; Bob Ebinger, veteran end; Ollie Tritler, sophomore tackle, and Richard McKee, tackle, transferred from Hutchinson, Kas., junior college.

Kansas State Gridders Get Written Exam.

MANHATTAN, Kas. Sept. 3.—(P)—The Kansas State college gridders grabbed pencils and paper today and took an examination on their individual offensive assignments.

Coach Ralph Graham promised his squad a written test about every two weeks.

"It helps keep them aware of assignments," he explained.

After the skull session the Wildcats took to the field for a short, brisk lesson in blocking for a punter. Galen Christiansen, a center from Columbus, Kas., and Ross Estes, Big Rapids, Kas., did most of the kicking.

Graham cut the workout short because many players had acquired sore feet in the first week of practice.

K.U. Offensive Team Wins Scrimmage Games

LAWRENCE, Kas., Sept. 3.—(AP)—Kansas University's best offensive team piled up a 34-21 victory over squadmates in a scrimmage game today but Coach J. V. Sikes was not impressed.

"I'm not too impressed," Sikes observed after the "Blues" tripped over the "Reds."

"We had our best offensive team against a weak defense but at times we showed flashes of good football. We've got an awful lot of work to do on our pass offense."

Sikes shuffled four teams on and of the field putting his first team against the third and his second against the fourth.

The "Blues" starting offense was J. Norris and Linville, ends; Talkingdon and Garnett, tackles; Thomas and Ellis, guards; Drumm, center; Bogue, Modrein, French and Brandeberry, backs. The starting "Reds" offense was Smith and Schaake, ends; Lee and McCormick, tackles; Idoux and Tomlinson, guards; Ellerts, center; Bilman, Lamping, Amberg and Griffith, backs.

University of Colorado Holds First Scrimmage

BOULDER, Colo., Sept. 3.—(AP)—Despite rain and mud the University of Colorado football squad held its first real scrimmage of the practice season today.

Outstanding performers were Sam Winningham, quarterback; Harry Narcisian and Malcolm Miller, halfbacks, and center Chuck Mosher.

Big Seven Conference Committee Will Meet

KANSAS CITY, Sept. 3.—(P)—The Big Seven Conference faculty committee will hold its regular September meeting in Kansas City next Saturday.

Reaves Peters, executive secretary of the Conference, said the meeting would be devoted to routine business and would give the faculty an opportunity to clarify "any situation that may exist in any of the member schools" prior to the opening of the 1949-50 sports season.

Gun Club Improvements Underway

Trap Shooting and Lights Planned; Skeet Shooting Now

The Sedalia Gun Club is now under new management and the reorganization plan is being carried out as planned. An extensive expansion program which has been discussed from time to time is becoming a reality, according to Carl Wollet.

At the present time only skeet shooting can be enjoyed, while additional equipment for trap shooting is being secured and will be installed in the near future. It is anticipated this equipment will be installed this week and should be ready soon.

Lighting Arrangements. ... Arrangements have also been made to have the field properly lighted so shooters who are unable to go to the range during the daytime can do so at night. Other improvements are in the making and the extent of these improvements depends a great deal on the membership of the organization. It was explained every man and woman interested in the shooting park should become a member.

A season program is planned for shoot contests and during the Thanksgiving and Christmas season turkey shoots will be sponsored at the range.

The Sedalia range is one of the very few in the State of Missouri which will have a lighted field, giving a place for practice in the evenings.

Additional Information

Mr. Wollet in discussing the club said any additional information desired could be obtained from him at the Wollet Electric Co., or at the range on Sunday or Thursday afternoon after 4:30 o'clock. The hours will be increased as the fall season approaches.

The Red Cross office will be closed all day Monday, September 5, in observance of Labor Day.
The Red Cross urges all veterans to make application for their Insurance Dividends. Our trained staff at the ARC office is ready and eager to render service in this instance.
This has been a grand summer for those Red Cross activities which emphasize individual participation. In the field of Red Cross First Aid, Henry Sutton, our Water Safety Instructor, has had a full season. He has started advance training for five persons at the Catholic Center the initial meeting for this having been held last Thursday evening at the Center. The purpose of this training is to be prepared for the Water Program next year. "The more of us who take first aid and water safety training, the more certain there will be that, whenever and wherever an accident happens, a trained worker will get there in those first few vital moments. Be prepared. Don't leave it all to the other fellow. Take some First Aid training yourself. Call the

An Economy House that can grow - this plan for five rooms on the first floor allows for an expansion attic providing two additional bedrooms and an extra bath. A breeze-way can be built to connect the dining room door in back of the fireplace chimney with a garage. This plan 2704 by Architect Herman York, 189-33 Keno Ave., Hollis 7, N. Y., covers only 975 square feet. The L shaped layout of living room and dining room provides an open sweep through the house from the large picture window in front to the corner windows in the rear. A complete basement is planned.
